

B.K. Jan 20

1. City Hall → to Tremont, do not quite to Seelay, get to Hanover, ~~to~~ cut over & go up Salem after construction. If in hurry, cutting thru Faber Hall mabts, but wd keep out of traff. if poss. Quite famil. all way. Mostly by plan & sense, but goes by bldg. landmarks, espec. in open. Recognizes Hanover by look.

2. Cust Hse Tower → ("quit do it") Up ~~Federal~~ State St. to old State Hse, ^(not case) then drag across & dn blk or so & come up in front City Hall, & then angle up School & Beaconfield. Walter up over Beacon Hill or to Park St & then common. Prob. the latter, taking long drag to Cas & Beacon, & dn sidewalk on Beacon to new intersection to new overpass, & there it is.

3. Cas R Dam O → Lots of ways. Along Embankment Rd. ~~to~~, if good day all along Riv to Shell, otherwise wd go to Cas, & cut across edge of Common to Baylston & Trem, dn Baylston to Wash, & go over slightly to L to next st., & dn this to 5th block, & then wd be close. Keep out of crowds on Summer. This ptly closed also bec. is onto route. Mentions feet of area all the

way along, tho maybe wld not look at it,
except for beginning. Mentions look of
diag. thru park

4. Park Sq. → not sure wh. it is - if in front of
Stalder. Is Haymarket the rotary on way to N Sta?
Go up to Publ Gard, then around lagoon on Post
side, come out ornamental gate to Common,
then long drag by Frog Pond then to orn.
gate to State Hse for Beacon to Somerset,
then by one angling bet Court Hse, then
down Scollay Sq to the one beyond Hanover
(ad sign beer co) - cut toward Haymarket.
Or might go in Ct Hse on low side, & take
elevator

5. Does not know Dorce St. Confused out there.
Prob. wld take Wash. in, & wld angle in
genl. direction Hotel Stalder & Motor wait
for there, depending on where come out,
prob. on Common, & Dorce easy.

In genl, likes to find shortest diag. for speed, or to
choose route for pleasure, & tends to avoid crowds.
