First window west of porch in the south transept. Emmanuel Church
Newbury Street
Design finished Saturday 29th.

Ventilator (?)

G.M.H wishes to paint hands and hands, and his judgment is final

"Ask Mr. Allen just what modifications are to be made in the
window frame. I think the template pattern is correct, but it
is better to be sure"

Keep rigidly to Gothic traditions, using no American glass.

In estimate please calculate window frame separately, unless Mr
Allen wishes to have the work done himself.

The base will contain simple inscription, and a few stencil
ornaments to be decided upon later.

In changing design do not change head, hands, or general pose
