Three tracery windows in Chancel

Traceries

Late of July 10 states that we will use some materials and other economical means which will not change the appearance of the work.
Dear Mr. Naylor, I called and asked that a row of small figures be included at a cost of £1500 additional. A design for the window is to be submitted within ten days. The three figures are to be in the style of those in the House of St. John's Chapel, St. Paul's, and the gravers will be familiar to that used in St. Mary's, Cincinnati.
