General Information Four nave windows, with symbols of the Four Evangelists.

Background similar to altar and vestibule windows.

*This price includes iron armatures.

Light windows wanted.

~~These windows have been made with each light panel, as there~~
~~were to be made by hand. The heads are not true round heads, but~~
like this.

For addresses of those to be notified as window progresses, see other side.

C.J.C.'s report, November 7, 1930. -"All of these windows (especially the vestibule window) should have mild changes in the background, - not quick contrasts."
