General Information \*will undertake to make these windows and install them complete in new frames and ventilators furnished by the general contractor for the sum of \$2,500.....

April 16 - sent a color sketch and a suggested scheme of symbols for the entire group of 17 double windows - 15 in the nave and two in the tower.....

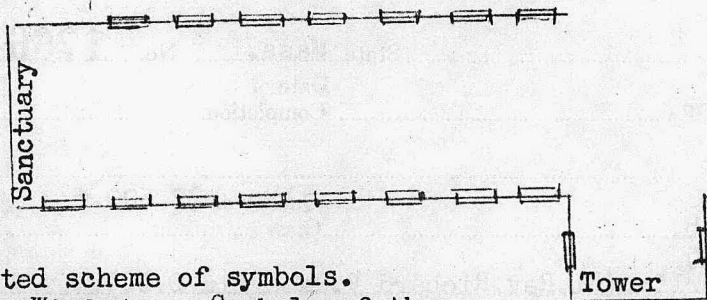

To carry out the background in light glass in varying tints of white which would form a pleasant and brilliant support for the enrichment in pure color through the symbols and borders.....

Their main desire is to get plenty of light into the basement. They now have plain leaded rippled glass in double hung sash.....

They will supply sashes and ventilators. Wooden wash.....

For addresses of those to be notified as window progresses, see other side.
