Shipping address: Photos of Cartoons Mailed:

General Information: Kelley found about 25 painted pieces to be replaced - three are figure sections - the rest inscription and ornament. He figured two men-one day to take them out, and three days work after the pieces are painted. We gave Welcher an estimate of $125. to $150. for the complete work. We said we would reduce that if possible.

For addresses of those to be notified as window progresses, see other side.
