General Information Mr. Wiggins will take care of furnishing the scaffolding -
inside and out - by some local contractor he knows. We should call him
shortly before we plan to start the work so he can be prepared to have
scaffolding in readiness for us.

Irwin Leonard, 12 School Street, Dedham (Tel: Dedham 1023) is the carpenter.
Note on Jim's instruction card - "Can arrange with Leonard for necessary
work in covering the opening while glass is out. Also have him look at
sills to see if replacing necessary."

Mr. Skinner talked with Wiggins, and he has agreed to have the carpenter
do the necessary calking between the frame and the stone, and they will also
take care of painting the same afterward.

For addresses of those to be notified as window progresses, see other side.
