Points of compass  
Quality of light North light.

Inscription .....

Design wanted ..... Staging .....

Shipping address ..... Blue-prints  
Received .....

Bill to ..... Templets .....

Photos of Cartoons Mailed .....

General Information My idea is to combine an exquisite little figure or medallion  
with a background of simple but very choice grisaille similar to what I  
have suggested for the aisle windows in Saint Anne's Chapel, Melbourne....  
C.J.C. wrote Mr. Schulte, July 24 "I am arranging it so as to show the  
development of a medallion and delicate grisaille work very much like  
what I have in mind for the aisle windows in Saint Ann's Chapel (Melbourne)."

For addresses of those to be notified as window progresses, see other side.
