General Information Glass for rear entrance doors according to Mr. Dick's  
pattern. Use same type of glass as we have employed in other windows we  
made for the Cathedral. (4 rear entrance doors (8 lights). \$40.00

Also glass for 9 doors in the Sacristy. \$90.00  
(Larkin explained: "...There are 18 openings as shown on template. Each  
opening is divided into 12 lights exactly as shown on rear entrance scale  
drawing, copy of which we sent to you.  
"There are 8 doors having 2 leaded glass openings in each door and two  
small doors each having one opening or a total of 18. This is the  
equivalent of 9 doors with two openings each, and we assume that is why  
Mr. Dick referred to 9 sacristy doors." (the 18 panels for the sacristy  
door lights will be located in an exterior door.

For addresses of those to be notified as window progresses, see other side.

With painted accents of flowers.

Front entrance doors - rectangular in shape - consisting of 2 openings in center front entrance, each opening approximately 1'x2' - 6 lights;  
2 side front entrances, 4 openings approximately 1' x 1'3" - 4 lights.  
\$50.00
