General Information The central full-color medallion devoted to the Nativity, with the Virgin and Joseph beside the manger and the Star of Bethlehem above. [is flanked with companion medallions devoted to the three Wise Kings and the lowly shepherds who came to worship the Saviour.] The flowered pattern of the field will appropriately symbolize the beauties and abundance of Nature, and the prevailing color note will harmonize with the neighboring windows.  
~~There are five aisle windows on the north.~~  
~~Mrs. Gill was very fond of flowers.~~  
~~They now have a very beautiful window in the chancel, "Christ and the Children", and a very beautiful "Madonna of the Chair" circle window over the entrance, but at present there is only warm obscured leaded glass in the aisles. (See floor plan in job folder.)~~

For addresses of those to be notified as window progresses, see other side.
