General Information Dean Lovgren has outlined the subjects from left to right, as follows: to be small symbols in the upper portion - Fish, Pelican - Crowns of Thorns - Phoenix.

from Thomas H. French Co.

These windows to be made to harmonize in color with the others in the Chapel, that is, the rich blues.

Typical design: "We have indicated the symbolic Phoenix rising from the flames of its nest in the typical sketch for the north windows, and we would complete this group with the fish, the pelican, and the crown of thorns, as planned.

All the windows to be kept in harmony.
