Inscription 1954

Design wanted Feb. 1, 1954.

Staging.....

Templates.....

Blueprints.....

General Information These are to be the type of the Sacristy Vestibule windows in Cambridgeport. To have a fairly light, colorful treatment. But with much less emphasis on the pattern than the Cambridgeport windows, should be just enough in evidence to create a pleasant overall effect. The fields would be in light tones with accents of pure color, but with sufficient texture to most effectively control the light.
