Height from floor:

Protection: Glass

Groove: Metal

Rabbet: Stone

Wood:

Exposure: Footage 2 feet.

Inscription: "Robert E. Wood Rectory."

Design wanted: Staging

Templates: Blueprints

General Information: Arms of St. Gregory. *Include his name in English, and omit the "ora pro nobis."

Father Harris likes the Nazareth Hall and St. Agatha's Phila. windows.

*St. Gregory is generally symbolized by two lions counter-rampant, supporting a "tortoie" inscribed with a cross or the sacred monogram, IHC; although Geldart's "Manuel of Church Symbolism" puts this on a chief above three bendlets; and the Herald, Pierre Laroze, symbolized him by a single rampant lion. The cost could be reduced to around $100 dollars in this manner.
