Vents in base:

Position in Church: North wall of chapel, next to Holmes Memorial.

Height from floor: about 5 feet

Protection: Glass

Groove: Rabbet

Metal: Wood

Exposure: North. Trees directly outside.

Footage: 12'

Inscription: Act yet received.

1913

1933

See yellow sheet in folder for additional information.

Design wanted: Soon.

Staging: Blueprints

General Information: To be "beautifully enriched with a medallion symbolizing Holy Communion, through the Chalice and Host."

See photograph of the Holmes (Bambino window in place).

The one for the Chapel window will nicely balance the first one, with its symbol of Holy Communion—the Chalice and Host. Although the general design is similar, we plan for a little different color scheme so that each will complement and enhance the other.
