Blueprints

General Information Jesus in Garden of Gethsemane.

This window is the same size as the two chapel windows. It is just shut off by a clear glass partition.

Suggested to contractor that frame be sent here. NEW FRAME IS HERE.

This is window C - be sure it goes in the frame marked C.

We have completed our study of the third window in the vestibule of the Chapel, and are sending it to you so you may have it at hand for reference.

Following your suggestion, we have represented Our Lord in Gethsemane, as the principal theme.

The Angel below holds the Chalice, while the border is developed in harmony with the other windows.
