sh made by Boston Milling Co., (Mr. Callbeck), \$	t interest thepherd, s ir cut by three-linto the er allego	

As planned, it is devoted to Christ the Good Shepherd. He carries the shepherd's crook and holds a lamb in His arms. The sheepfold with the carefully sheltered sheep are shown in the medallion below, while the traditional monogram of Our Lord is designed above.

The field is enriched with a growing Tree of Life suggesting natures abundance. Birds on the wing are seen near Our Lord's head.

The conventional grapevine design in the border suggests the unity of the church, and recalls the words of Our Lord,- "I am the vine, ye are the branches."

In the base is the memorial text,- " In Kemery of Richard Lawrence Commell."

This sketch is designed to suggest color and light in action and all the exquisite detail of line and form, as you have seen it in our other windows, is left for development in the full size drawings and the actual glass. We feel this design will develop beautifully to enrich your church and to convey its spiritual message.

We have kept in mind an appropriation of twelve hundred dollars, including ventilator and its complete installation in the present framework at the church.

We are planning on the removal of the present horisontal wooden divisions, as in the opposite window. This would have to be done by a carpenter, and we are hoping that you know of some one, perhaps a member of your congregation who can do this. We think it should not involve much cost, and perhaps we may be able to should this, but we would appreciate it if you would plants have some one find out about it.
