Blueprints

General Information Angel with harp, with text: "Praise Him with the... Psaltery and Harp."

(See photographs of aisles and side chancel windows.)

"...we have prepared a very rough color sketch...the angel holds a harp or similar mediaeval instrument, and we have suggested the text, from the Psalms, "Praise Him with the psaltery and harp". I think our angel is a little too large in proportion to the over-all space. Probably those in the photographs are better proportioned - see letter of April 21, 1959.
