General Information We are to represent the Lamb as the central theme, keeping it very light.

We have one window in this church.

Treat something in the nature of windows in Bridgewater - very light fields with borders and symbol in brilliant color

As planned, the Lamb of God with the cruciform banner of victory is represented as the central theme.

The field is kept in very light tints enriched with a growing foliated pattern.

The memorial inscription is indicated at the base, - "In Memory of Sarah Weston Angier", with provision for dates.
