Blueprints: 

General Information: To be devoted to The Sermon on the Mount and The Last Supper.

They like the Sermon in Bronxville also the Last Supper there.

(Note that this is the last window to be placed).

(See photographs of others in place.)
As planned, they are devoted to the Sermon on the Mount and the Last Supper. In the first, Our Lord stands and teaches the multitude the way of true Christian life, while in the second, He sits at the table surrounded by the Apostles. He holds the chalice in one hand, while the other is raised in blessing.

The predominating colors, ruby and blue, are reversed from the arrangement in the windows at either side. Blue occurs in the border, and ruby in the field.
