General Information: These are "three very small windows in the main body of the church which are still of plain translucent glass. They open from the outside into the three confessional on the Gospel side."

* of the confessional is open, and that is not very often."

These are each 9" x 4 7/8" sight. 3/8 Stop in metal.
We have in mind keeping the fields in character with the upper windows but in much smaller scale.

We have indicated symbols for each window, the keys of confession and absolution, the scourges, and the aspersillum and drops of water.
