General Information This window will be just above the St. Augustine window  
on the side elevation. "It is a rectangular head window with sight measurement  
of '57" x 9". "We wish this window treated quite simply... There are three  
more windows of this type in the front elevation, however, they will have to  
wait until a later date." (Rev. Barnett).

\* "Courtyard third elevation large tower" (written on sketch)

1 - 9 X 57

The rectangular window above Saint Augustine is treated simply, but in character with the others, accented with the Chi Rho symbol of Our Lord.
