General Information Musical Angels

The theme of MUSIC. "A MODERN TOUCH" to all!!!

Two Musical Angels curved like Wellesley but a modern feeling. Base panels like West Newton, - the Bachrach window.

Donor likes stronger colors, - blue, and red.

Members of the angelic choir bear trumpet and viol while other kneeling angels hold scrolls inscribed with the texts of celebrated musical themes, - "O Rest in the Lord", from Mendelssohn's Elijah and, "How lovely is Thy Dwelling place", from Brahm's Requiem.

Verses from the Psalms of David are designed between the figures, - "O, sing unto the Lord a new song - Sing unto the Lord, bless his name."

Personal symbols, - the lamp of Learning and a spray of flowers, are included.

(OVER)

The outer blue border is accented with stars of Heavenly steadfastness, and the inner one with birds and bells symbolizing joyous sounds of man and nature.

DONOR WANTS THE FOLLOWING:
