General Information..... Right..... Left.....

Saint Matthew and Saint Thomas

Saint Matthew bears the book and battle-ax, while the purses of his original calling are represented below.

Saint Thomas' symbols are the carpenter's square and hammer, with a cluster of arrows below.

As you have had only three past Bishops, Chilton Powell should come in this window, with his dates, 1953 leaving a space for another date which can be inserted, later.

We will go ahead in this manner.
