General Information..... East Wing Project

"The arrangement agreed upon is excellent but it does involve more work than the uniform rectangles first planned.
We hope to keep the cost to the specified amount, but we will not jeopardize the results to do so, and will let you know if the allowance does not prove to be sufficient."

Meeting - January 14th - at the studio.
"It was agreed at this meeting that the following colors would be used: deep blue - 25%, blue - 50%, green - 25%."
