SUBJECT: Group 62 Section Leaders Meeting--May 10, 1954  
To: Division 6 Group Leaders; Group 62 Staff Members  
From: Philip J. Gray  
Date: May 12, 1954

1. Display

At a meeting in Cambridge last week most portions of the logic for the display system were agreed upon.

2. Memory

Six new type sense amplifiers are being constructed for incorporation in MTC. After evaluation, a full complement will be installed in MTC. This activity ultimately is expected to lead to a recommendation to include this model in AN/FSQ-7.

A frame is under way for an experimental 128 X 128 memory plane.

3. Meetings

Tuesday, May 11 - at Poughkeepsie  
Misc. Radar Inputs  
-15 V. on coax  
Radar Mapper

Friday, May 12 - at Cambridge  
color of display consoles.

4. Status of Prototypes

At the monthly AMC Status Meeting at IBM plant 2 last Thursday, IBM indicated that work in the XD-1 equipment is about four weeks behind current schedules. It is expected that much of this will be recovered. Scheduled delivery dates are unchanged.
