The TECH COLLECTION
of the
MASSACHUSETTS
INSTITUTE *of*
TECHNOLOGY

BY-LAWS
OF THE
ASSOCIATION OF CLASS SECRETARIES
OF THE
MASSACHUSETTS INSTITUTE OF TECHNOLOGY.

Adopted Februray 1, 1897.

ARTICLE I.

NAME.

This organization shall be known as the Association of Class Secretaries of the Massachusetts Institute of Technology.

ARTICLE II.

OBJECT.

The object of this organization shall be to promote class spirit and the welfare of the Institute and to systematize all matter pertaining to class organization and record.

ARTICLE III.

HEADQUARTERS.

The headquarters of the Association shall be the Technology Club.

ARTICLE IV.

MEMBERSHIP.

The membership shall consist of the Secretaries of all graduate classes, the President and Secretary of the Alumni Association, the President of the Technology Club, the Secretary of the Institute, the President of the Senior Class in the Institute, and a representative of the Institute Committee to be selected by

said committee. In case a class is without a properly constituted Secretary a representative of that class shall be called upon by the secretary of this Association to act as representative for said class until such class secretary be appointed. Any class secretary unable to be present at any meeting, shall appoint a member of his class organization as his representative, and to said representative shall be accorded all the powers which would be exercised by the class secretary if he were present.

ARTICLE V.

OFFICERS.

The officers shall be a Secretary and an Assistant Secretary. The Secretary shall also perform the duties of a Treasurer. They shall be chosen by ballot at the annual meeting in each alternate year and shall hold office until their successors have been elected and have accepted office. In case of death or resignation of the Secretary, the Assistant Secretary shall immediately become Secretary, shall hold the office for the unexpired term and shall at once call a meeting for the election of a new Assistant Secretary. The Secretary, or in his absence the Assistant Secretary shall call all meetings to order and shall preside until a chairman is chosen.

ARTICLE VI.

MEETINGS.

An annual meeting shall be held in October of each year. Other meetings may be called by the Secretary, and must be called upon the written request of three members.

ARTICLE VII.

AMENDMENTS.

These by-laws may be amended at any meeting by a two-thirds vote of the members present except that no amendment may be adopted which has failed to secure at least seven affirmative votes.

The first reunion of the
Class of Ninety M. I. T. was
held at Youngs Hotel Boston
Monday evening Dec 28th 1896.
Twenty five were present as follows
F. W. Atwood, C. C. Babb, J. L. Batchelder Jr.,
C. D. Brown, G. N. Colburn, G. C. Chapman,
D. de Lancey, J. O. DeWolf, F. H. Dodge,
W. Ellis, H. C. Emerson, G. L. Gilman,
C. Hayden, F. A. Kendall, R. H. Kimball,
P. E. Kingsbury, E. M. A. Macbade, Wm. Moulton,
W. J. Riple, W. B. Reed, W. H. Root,
H. P. Spaulding, G. H. Taylor, G. T. Voorhes,
L. C. Mason.

A permanent class organization was
formed and the following consti-
tution adopted.

1.
This organization shall be known
as the Class of '90 M. I. T.

2.
The object shall be to continue the
social intercourse among the members
and to perpetuate their interest in
the welfare of the Institute.

Gift of M. I. T. Alumni Association

3.

Membership.- All persons ever connected with the class may become members upon payment of whatever assessments are required.

4.

Assessments shall be made by the secretary to meet whatever expenses may arise.

5.

Officers shall consist of-

(a) President, who shall be elected at each reunion and shall preside at all gatherings.

(b) Secretary, whose office shall be permanent.

He shall look after all records & keep the members in touch with each other as far as possible by sending notices & occasional publications.

He shall collect all assessments & have charge of all necessary disbursements.

6.

No extra dues or subscriptions shall ever be made at any gathering of the class.

The members then adjourned to the dining hall and after doing ample justice to the contents of the tables Mr. W. G. Ripley was introduced as presiding officer and in a few well chosen words, as if you, carried the boys back to the days when Nundy predominated at Tech, and the worries & cares of business were forgotten for the remainder of the evening.

Mr. Charles Hayden, the rising power of the stock exchange gave a report on the financial standing of the class.

Mr. C. B. Babb, who with the U.S. Geological Survey has been doing the western work, was not poetical in his description of the warmer regions of Arizona he had visited as follows.

Arizona

The devil was given permission one day
To select a land for his own special sway.
So he hunted around for a month or more
And fussed, and fumed and terribly swore.
But at last was delighted a country to view
Where the prickly pear and the cat-claw grew.
With a survey done, without further excuse,
He stood on the banks of the Santa Cruz.

He saw there were some improvements to make,⁴⁴
For he felt his own reputation at stake.
An idea struck him; and he swore by his horns,
To make a complete vegetation of thorns.
He studded the land with the prickly pear,
And scattered the cacti every where.
The Spanish dagger sharp pointed and tall,⁴⁵
And at last the cholla to outstick them all.

He imported the Apache direct from hell,
The size of his sweet-scented ranks to swell,
And a legion of skunks, whose loud loud smell
Was to perfume the country he loved so well.
And then for his life he could not see why
The rivers should any more water supply,
And he swore if they furnished another drop
You might take his head and horns for a mop.

He ranted the rivers until almost dry
And poisoned them all with alkali!
And premised himself on their slinging bank
The control of all who from them should drink.
He saw there was one more improvement to make
So imported the scorpion and rattlesnake
That all who came to this country to dwell
Would be sure to think it was almost a hell.

He fired the heat at a hundred and eleven
And banished forever the moisture of heaven.
And remarked as he heard his furnace roar
That the heat might reach five hundred or more.
And after he had fired these things so thorny and wet
He said "I'll be damned if this don't beat hell."
Then he flopped his wings and away he flew
And vanished forever in a blaze of blue.

And now no doubt in some corner of hell
He gloats on the work he has done so well,
And vows that Arizona cannot be beat
For thorns, tarantulas, snakes and heat,
For with his own plans fulfilled so well
He feels assured it surpasses hell.

and was rec'd with applause.
Mr. G. J. Voorhes gave an account
of the cold storage business and
wound up with a description
of how he froze a whale.
Mr. D. de Laney of Kodak fame,
in his remarks suggested a
"Ladies auxiliary" for our next
gathering.
Mr. W. H. Root spoke on progressive
religion & invited all to call &
dine with him at any time.
The election of officers followed
President Mr. Chas. Hayden
Sec. & Treas. Geo. L. Gilman

He

And poisoned them all with alkali!
And promised himself on their sliny brink
The controll of all wld from them should drink.
He saw there was one more improvement to make
So imported the scorpion and rattle snake
That all who came to this country, to dwell
Would be sure to think it was almost a hell.

He fixed the heat at a hundred and eleven
And banished forever the moisture of heaven.
And remarked as he heard his furnace roar
That the heat might reach five hundred or more.
And after he had fixed these things so thorny and well
He said "I'll be damned if this don't beat hell."
Then he flopped his wings and away he flew
And vanished forever in a blaze of blue.

Mr. J. L. Batchelder Jr. the coal merchant and who formerly upheld the credit of '90 with the gloves told a story of a minister's new teeth that he illustrated to life.

At this point Mr. L. C. Watson, the champion kickser, walked in and was rec'd with applause.

Mr. G. T. Voorhes gave an account of the cold storage business and wound up with a description of how he froze a whale.

Mr. D. de Lancy of Kodak fame, in his remarks suggested a "Ladies auxiliary" for our next gathering.

Mr. W. H. Roots spoke on progressive religion & invited all to call & side with him at any time.

The election of officers followed
President Mr. Chas. Hayden
Sec. & Treas. Geo. L. Gilmore

An informal discussion took place relative to the class making a present to the Technology Club. This took up considerable time & finally resulted in the appointment of a committee with full powers to act.

Committee consisted of the president, secretary & W. B. Reed. The meeting adjourned at eleven with the wish that we might meet annually hereafter.

Secretary's report.

Class of '90 entered Tech with	198
2 ^d year	" with 124 loss of 74
3 " "	" " 120 " " 4
4 " "	" " 110 " " 10

Graduated with degree 102
or 51% of the entering class. &
the first class to graduate over 100.
Our senior year saw the completion
of the first quarter century of the
Institute.

Since graduating our class has

naturally become very much scattered & not until last spring was any attempt made to bring us together.

Result of notices then sent out favoured I was going for the meeting. On sending the last notices early in November for this gathering the following figures may be of interest at the result.

Number of graduates notified	99
" " Specials "	119
" " Graduates address unknown	2
" " " letters ret'd	2
" " " replying	46
" " " sending N.O.	30
" " " sending no replies	53
" " " died far as known	1
" " " married (by replies)	18
" " Specials letters ret'd	5
" " " address unknown	16
" " " replying	31
" " " sending N.O.	17
" " " in clark far as known	154
" " " died " " "	10

Number of Specials not replying 97

" " " " wishing to be members 4

" " " married 14

" of class answering "no" to question "whether married or not" 10
Since graduating we have lost
but one man by death Mr. Geo. C.
Merrick Aunt who was killed in
an accident 1895

In making the list of specials
we have included names of all
so far as could be ascertained
who ever took any study with us
but did not graduate in '90
Among these we have heard of
ten deaths.

J. C. Blum
H. W. Burin

If any of the members ever learn of the death of one of our members they will confer a favor by at once notifying the secretary.

Many regrets have been rec'd from absent members who are unable to be with us tonight but are thinking of us tonight.

Among the replies to the question of matrimony called for on the notice sent you

E. A. Emery who is teaching vocal culture in the west as result of his training with the ten square quartet and choir "Nid, but I voted for Mr Kinley."

W. R. Peyton says he has "no prospects" whether the girl has gone back on him or not he does not say.

Burdette Moody the cow boy of So. Dakota is married and adds for the benefit of his Eastern chums "Voted for Mr Kinley & sound"

money the only one to do so in
the county."

Your secretary trusts that in
future he will be more
successful in receiving replies
to his letters & that some
will not be assigned to
the waste basket before receiving
proper attention.

Geo. L. Gilman Sec.

M. I. T. '90.

Dear Sir:

It is now six years since the Class of Ninety left the Institute, and as we have never been together since, we think it would be pleasant to meet again and renew old acquaintances.

Our object in sending this notice is to get the ideas of the members, to see if we cannot hold a reunion, and if so, to ascertain when it would best suit the majority to have it. The time suggested has been early in June, Christmas week, or in April during the so-called Junior week.

This notice will be sent, so far as possible, to all who at any time have ever been connected with the Class of Ninety.

If you would kindly let us hear from you we would be greatly obliged.

Yours truly,

GEORGE L. GILMORE, Sec'y,

Lexington, Mass.

The first reunion of the Class of Ninety, Mass. Institute of Technology, will be held in Boston at Young's Hotel, Monday evening, December twenty-eighth.

Business meeting and election of officers at six o'clock, followed by dinner, for which tickets can be obtained of the Secretary any time before. Price two dollars.

All members intending to be present will please notify the Secretary not later than December twelfth, in order that places may be provided for them.

In order to defray expenses of printing and postage for the next few years, it has been thought best to ask for an assessment of one dollar, which amount members are kindly requested to forward to the Secretary.

The attention of members is called to the fact that there has recently been organized in Boston the Technology Club, with headquarters directly back of the Institute. Its membership is open to all who have ever been connected with the Institute, whether graduates or not. For further particulars as to dues, etc., address Technology Club, 71 Newbury Street.

Information concerning the following past members of the class is desired:—

W. ELLIS.
H. W. HADDOCK.
J. R. HALL.
G. L. HAWES.
G. HUBBARD.

F. H. HUSSEY.
H. W. KERNS.
W. A. MARTIN.
E. S. MITCHELL.
G. A. PACKARD.

W. K. REED.
G. P. TALLANT.
C. M. WATSON.
W. D. WILLES.
G. M. WOODWARD.

Members are requested to fill out the following blanks, and forward same to the Secretary at once.

Any future change of address should be sent to the Secretary.

GEO. L. GILMORE, Sec.,

Nov. 9, 1896.

The first part of the book is devoted to a general history of the world, from the beginning of time to the present. It is written in a simple and straightforward manner, and is intended for the use of students in the common schools. The second part of the book is devoted to a history of the United States, from the first settlement of the country to the present. It is written in a similar manner to the first part, and is also intended for the use of students in the common schools. The third part of the book is devoted to a history of the world, from the beginning of time to the present. It is written in a similar manner to the first two parts, and is also intended for the use of students in the common schools.

A social evening was spent & light refreshments were served. The boys broke up about eleven with regrets that more were not present.

Geo. L. Gilmore Sec.

Class of Ninety.

Massachusetts Institute
OF
Technology.

November, 1898.

Class of Ninety.

Massachusetts Institute OF Technology.

The second reunion of the Class of Ninety will be held Thursday afternoon and evening, December 29th, 1898, at the Technology Club, 71 Newbury St., located directly back of the Institute buildings. Dinner will be served at half-past six o'clock at one dollar per plate, a low price, but a good dinner, and liquid refreshments can be obtained if desired.

It is hoped that members will arrive by four o'clock or earlier, so that we shall have ample time to renew old acquaintances. The club house contains card and pool tables where all can enjoy themselves in an informal way.

Please reply before December 20th to the secretary advising whether you will be present or not, as it is essential to know for how many to provide.

Now classmates, please do not throw this notice into the waste basket, but hasten at once to favor your humble secretary with a sight of your autograph.

The Class of Ninety is "all right", but most of its members are very remiss in their correspondence.

The majority have never condescended to answer any of the notices your secretary has sent to them, but we trust that this appeal will touch them in the right spot.

These remarks do not apply to the noble few who have always replied to letters, but to the rest, the coat fits tight and we trust that they will reply promptly to this and all future notices.

In order to keep the class in touch as much as possible, it requires a little individual effort on the part of each member.

If you change your business or address, issue any publications, enter matrimony, or do anything else that is rash, or can report any news of interest as to the other members of the class, be sure and drop a line to your secretary at once and all will be forgiven.

Furthermore, if you saw any service in the army or navy during the past year, be sure to report it at once. The Institute is very desirous to ascertain what part has been taken by Tech men in the late war. It is already known that Ninety has done its duty by our country. Several members have been in the service and the death of one brave classmate we are called upon to mourn.

Edward Dexter Brown, a graduate of the electrical course, enlisted in the cavalry and died at Fort Myer, July 16th. So far as is yet known, he was the only Tech man whose life was sacrificed, and later we trust to place some suitable memorial for him at the Technology Club.

Now classmates, do not forget this reunion, make an effort to be present and come early. Let me hear from you soon and I trust to have the pleasure of greeting you in person at the reunion, December 29th.

LEXINGTON,

November 28, 1898.

DEAR CLASSMATE :

The enclosed letters, etc., speak for themselves, but I want to say a word for them. This TECHNOLOGY REVIEW, the first number of which appears January 1st, is something that we ought to encourage as a class and as individual Technology men, for it promises to be just what has been needed for the building up and maintenance of a hearty, lively interest in Institute affairs among former students. It will give you the Institute and Class news more promptly and fully than you are likely to get it through any other source, while the articles promised throughout the year ought to be of interest to every true son of M. I. T.

It is published by the Association of Class Secretaries, and so is to be regarded as the official organ of the Alumni. The subscription price is only \$1.00 a year, and *now is the time to subscribe*. Send your money directly to the TECHNOLOGY REVIEW, 71 Newbury Street, Boston, and with it some note about yourself or your recent work.

Yours fraternally,

GEORGE L. GILMORE,

Secretary.

*To Former Students, Undergraduates
and Friends of the Massachusetts
Institute of Technology:*

THE first number of The Technology Review, a graduates' magazine, issued quarterly by the Association of Class Secretaries, will appear January first, 1899.

The Table of Contents following indicates the character of the publication. Each number will contain about eighty pages, exclusive of advertisements, and in appearance will be thoroughly attractive.

The Review aims to develop closer relations among Institute men, and to stimulate their interest in the work of the College.

It will be in no sense an engineering magazine, but will attempt to deal broadly with the problems of Technological Education and the responsibilities of the professional man.

To give the Review the widest possible sphere of influence, the subscription price has been fixed at One Dollar a year.

Remittances should be made to The Technology Review, 71 Newbury Street, Boston.

A. D. LITTLE, '85	} Committee on Publication.

The Secretary of the Institute desires all possible information relative to service in the war with Spain.

From our class E. D. Brown, S. D. Flood & W. B. Poland enlisted.

The Life & Letters of Per. Rogers, the first president of the Institute can be obtained at the office of the secretary for 3.00 for the 2 vols.

Attention is called to the Technology Review about to be published.
Subscription 1.00 per year.

Advertisements & business cards
solicited. Also any news of interest
concerning Tech men.

The Technology Club is open
to all past members of the
Institute. Dues 12.00 per year
payable semi-annually.
Rooms can be obtained for the
night. Lunches also served.

The Alumni are holding its annual
dinner the 30th inst. at the Exchange
Club. Dinner 2.50 per plate.
To Tech men who did not
receive a degree Associate Membership
is open for which the dues are
1.00 per year.

Tech men in N. Y. can lunch
at Menquins 149 Fulton St. on
Thursdays from 12.30 to 1.30

It has been suggested that all
circulars, pamphlets or scientific

papers published by Tech men
should be of the uniform size of
the Tech. Catalogue 6" x 9"
Also that three copies of each
should be forwarded to the
secretary. One copy to be placed
in the Technology Club, one at
the Tech. Library & one in the
Boston Public Library.

The members of the class are scattered
all over the U. S.

Al. Rogers is in the mines of Mexico.

Arthur Adams is in the telephone
business in Paris & would undoubtedly
be pleased to see any of you.

Geo. B. Mc. Connell is in Alaska.

H. L. Neyer is unable to be with us
on account of another engagement.

He was married last night.

Moore & Knight are both in Colorado
for their health.

H. H. Kennell claims the class
record for greatest increase.

His fourth was born last October.

Mr. J. B. Blood spoke on personal acquaintance with C. D. Brewer.

Mr. Emerson gave an interesting talk on the new subway of which he was one of the engineers.

Dr. White made a few humorous remarks & Mr. G. L. Chapman spoke favorably of a reunion in 1900.

Mr. Chas. Hayden was re-elected club president.

On motion of Mr. Warren the following salaries of those present were written & the amounts averaged as follows.

\$525.00	1300.00	1500.00	2000.00	3700.00	10000.00
900.00	1300.00	1600.00	2000.00	4000.00	10000.00

EDWARD DEXTER BROWN.

On Saturday morning, July 16, 1898, Corp. Edward Dexter Brown, of Troop C, U. S. Cavalry Volunteers, died of typhoid fever in the military hospital at Fort Myer.

Those of Brown's classmates who were much thrown with him—the '90 men taking the courses of electrical engineering and physics—loved him well. Looking back at the old three-year campaign that followed the Freshman terms, some of us that were nearest him in spirit recall the "Frau Braun" of those days with a singular clearness. It seems, now, that it may have been the man's winsomeness and spontaneity of nature that attracted us to him as the fellows were brought together by community of studies in the sophomore year; that, and his self-evident fairness of mind and total lack of any capacity for malice or petty jealousy in all phases of student life. What is certain is that that which held his friends to him the stronger the more they knew of him was his essential truthfulness

of character. In that particular, at least, his nature was formed once for all by the time he came among us. And so, as he toiled along with the rest through "semies" and "finals," he was always the quiet, potent force on the side of honor and justice in the little student world which is a miniature of the larger world outside. And all by unconscious example; there never was made a more unassuming man than E. D. Brown. That was his most gentle trait,—that he was a natural gentleman, with the stillest, deepest kind of courage of his convictions.

It did not surprise '90 men much, it pleased them all unaffectedly, as they learned of his rapid advancement in business. The little group of his classmates who had tested dynamos with him in the basement of Walker, and pursued the evanescent value of H with him in the "advanced laboratory," were personally and distinctly gratified as they learned from time to time how he was being promoted in New York City.

It seemed quite natural that he should acquire by great strides the confidence of his official superiors. In three and a half years from the time of entering the American Telephone & Telegraph Co., and four years after graduating, he was made general inspector. We learned about two years ago that he had gone into the militia — a Brooklyn cavalry troop. Then the war with Spain opened, and we heard that Brown had gone with his troop to Long Island, and thence to Virginia. Soon came the news that he was ill at Fort Myer. It was said that he had typhoid fever, but "was getting on all right." So that the news of his death, following only a few days after the announcement of his illness, was a peculiarly sudden grief.

It is no use to dwell on the sad details of the loss of such a strikingly useful and amiable life. It is a grim irony that death loves a shining mark. For those immediately concerned seemingly there is little to relieve extinction of such a potent force in the world.

But it may be that the grandeur of his end in the service of humanity may balance a long and well spent life, in its effect on the higher aspirations of those whose privilege it was to know him. Such a glorious soldier's death gives a tremendous impetus, in a widening circle, to that which Edward Dexter Brown stood for to the end of his short career, — character.

This was the thought of those who had loved him, as they attended the last earthly offices at his family home at Reading, Mass. After the service in the crowded church, after the procession to the grave under a threatening sky, through the streets of a town stilled for his obsequies, after the honor of the triple volley and the peace of the soldiers' plaintive requiem — "lights out," — behind and above all the last circumstances of poignant gloom rose the thought that is written on the hearts of all those left behind in a sordid world, who knew and loved this young manhood: *Sweet and beautiful it is to die for one's country.*—J. B. BAKER.

Committee

March

To the Members of the Class of Ninety,
Massachusetts Institute of Technology.

In the death of Edward Dexter Brown of our class, we are called upon to mourn the loss of the only graduate of the Institute who laid down his life in the recent war. As seemed most fitting, it was suggested that a suitable memorial should be placed in his memory on the walls of the Institute.

At the reunion of the class last December, action was taken on the matter and a committee appointed to make the necessary arrangements. Your committee has met with the most hearty sympathy from the officers of the Technology Club, and, as a result, a large photograph of our class-mate has been ordered and will be placed in the Club House, suitably inscribed.

In order to cover the expense involved, your committee sends this notice to those who best knew Brown and to a few others who would wish to subscribe to a class memorial.

If you care to send a dollar or two to the secretary it will be most highly appreciated. The picture will be ready early in April and notice will be sent to those who subscribe so that we can meet informally some evening and place it in the Technology Club House.

Kindly send any subscription at once and oblige, to

GEO. L. GILMORE, Sec.,
LEXINGTON, MASS.

Fountain Street, West Boston, Mass. Think your trip
for a good old time.

No extra, and every man will get an honor who
Put the date in your hat, and don't forget it.
with Station at 7.30 P. M. and your hunting secretary
guide you, but coming back you must look out for
Just drop a line to say you are coming so that

much beer and cheese to order.
Don't forget the date, Wednesday, January 15, 1901

George L. Gilmore, Sec'y.
Boston, Mass.

Handwritten notes on the right margin of the adjacent page, including the letters 'A', 'B', 'C', 'D', 'E', 'F', 'G', 'H', 'I', 'J', 'K', 'L', 'M', 'N', 'O', 'P', 'Q', 'R', 'S', 'T', 'U', 'V', 'W', 'X', 'Y', 'Z' and other characters.

Jan 13th 1904.

In response to the notice as per copy on previous page sent to about a hundred members of the class replies of some sort were rec'd from about one third of whom fourteen accepted.

Unfortunately the evening proved to be very stormy & being accompanied by a January thaw kept most of the boys away & only the following eight appeared. C. W. Sherman, W. D. Wolf, R. T. Walker, J. B. Baker, W. DeLano, A. W. Woodman, H. P. Spaulding & G. L. Pitman. A very pleasant evening was had in talking over bye gone days & when the beer, all crackers & cheese were brought into by our artist host toast were drank to our absent members & the wish expressed that more could have been present.

Special Notice May 1904

Don't forget the Tech Alumni Reunion June 6th, 7th and 8th, 1904. Dr. Tyler has sent to you all the literature, history, information and advice that has been thought or dreamed about, and now it is up to you to pack your grip and, with or without your sweetheart, start for the Hub of the universe and by so doing do your share for your Alma Mater and bring the Class of '90 to the front. Register immediately upon your arrival at the Peirce Building, where information relative to any class plans will be found.

Friday morning, getting settled at hotels and registration at headquarters. Professors intend to hold informal receptions in different Tech buildings to renew acquaintance with the old students, choose out a Tech Club. After the Monday evening, go with University Club. After the dinner we shall attend in a body the Alumni reception at the Art Museum at about 6 P.M. where any ladies of the party can join us. Tuesday morning, the general committee will arrange to take a party in and about Boston. Wednesday afternoon, Class spreads will be given. Go will give her spread at Hotel Brunswick from two to six, to which ladies are invited. At 8 P.M. a light supper will be provided for those who wish, preparatory to departing at 8 P.M. with company and luggage expanded for the Hop Concert in Symphony Hall. This is Tech night and we must do our share to keep the ball rolling during the evening. We shall have to be separated from the ladies, but seats can be procured for them in the gallery to gaze down upon us, or, in other words, we can look up to them, as usual. Wednesday, a steamboat excursion has been arranged to Nahant Beach, returning to Boston in the neighborhood of 4 P.M. The ladies' tickets will be closed by a grand Alumni banquet at the Hotel Somerset which all will want to attend or attempt to pass week. The officers of the Class of '90 will arrange to extend the courtesies of various clubs in Boston to all of our Class, and should any of the members not care for the general programme as above outlined, outside of the special '90 Class functions, they can devote their time to trips on land or water, golf, amusement or other outdoor sports. The golf course at The Country Club and at Lexington will be open for all of the '90 men.

to return each to

Don't forget the Tech Alumni Reunion June 6th, 7th and 8th, 1904. Dr. Tyler has sent to you all the literature, history, information and advice that has been thought or dreamed about, and now it is up to you to pack your grip and, with or without your sweetheart, start for the Hub of the universe and by so doing do your share for your Alma Mater and bring the Class of '90 to the front.

Register immediately upon your arrival at the Peirce Building, where information relative to any class plans will be found.

GENERAL PLAN OF REUNION PROGRAMME.

Monday morning, getting settled at hotels and registration at headquarters.

Monday afternoon, (which is Class-day) the professors intend to hold informal receptions in different Tech buildings to renew acquaintance with the older students.

Monday evening, '90 will have her class dinner at 6.30 P. M. at the University Club. After the dinner we shall attend in a body the Alumni reception at the Art Museum at about 9 P. M. where any ladies of the party can join us.

Tuesday morning, the general committee will arrange trolley trips in and about Boston.

Tuesday afternoon, Class spreads will be given. '90 will give her spread at Hotel Brunswick from two to six, to which ladies are invited. At 6.30 a light supper will be provided for those who wish, preparatory to departing at 8 P. M. with colors flying and lungs expanded for the Pop Concert at Symphony Hall. This is Tech night and we must do our share to keep the ball rolling during the evening. We shall have to be separated from the ladies, but seats can be procured for them in the gallery to gaze down upon us, or, in other words, we can look up to them, as usual.

Wednesday, a steamboat excursion has been arranged to Nantasket Beach, returning to Boston in the neighborhood of five in the afternoon, and Wednesday night the festivities will be closed by a grand Alumni banquet at the Hotel Somerset which all will want to attend.

The officers of the Class of '90 will arrange to extend the courtesies of various clubs in Boston to all of our Class, and should any of the members not care for the general programme as above outlined, outside of the special '90 Class functions, they can devote their time to trips on land or water, golf, automobiling or other outdoor sports. The golf course at The County Club and at Lexington will be open for all of the '90 men.

Dr. Tyler has already received favorable replies from the following members of '90.

LIST OF ACCEPTANCES

1890

CHARLES H. ALDEN, JR.	F. H. DODGE	GEO. A. PACKARD
FRANK W. ATWOOD	WALTER ELLIS	CALVIN W. RICE
JOSEPH B. BAKER	GEO. L. GILMORE	W. Z. RIPLEY
C. B. BEASON	H. M. GOODWIN	A. H. ROGERS
J. L. BATCHELDER, JR.	P. M. HAMMETT	CHAS. W. SHERMAN
ELIZABETH E. BICKFORD	CHARLES HAYDEN	H. P. SPAULDING
JOHN BALCH BLOOD	LEONARD M. HILLS	GEORGE F. WELD
CHARLOTTE A. BRAGG	S. FOSTER JAQUES	FRANKLIN W. WHITE
HARRY B. BURLEY	E. T. NEWTON	J. O. DeWOLF
WILLIAM H. COLLINS	NORMAN G. NIMS	L. C. WASON
DARRAH deLANCEY	J. K. NOYES	ANDREW W. WOODMAN

If you have not already done so, strain a point for this once and immediately notify him that you will come.

Just one word relative to the financial condition of '90. We have no funds. No assessment has been made on the Class for ten years, and then very little was received. Most classes have an annual assessment. We should like very much to have a moderate fund to conduct Class affairs for the next ten years, and as you have not been touched before, you surely must be in a position now to assist. Bearing this in mind, will you please put your hand in your pocket and send us five dollars for the general fund for future use. You may send as much more as you wish, and if your conscience feels that this is too much, send as much as you can.

Now classmates, don't forget; we have been separated for fourteen years, but we are still young, and let us have a jolly reunion and one that will long be remembered. If you are so unfortunately situated that you cannot be present, drop a line to your Class Secretary with any news or good words you may have, and it will be read at the Class dinner, when a standing toast will be drunk to all absent ones.

After all arrangements have been definitely settled we will send you a detailed itinerary of the functions if you are coming, with the hour and price of each, that you can return to the Class Secretary who will see that tickets are procured for you for such of said events as you desire. In the meantime, if you have not done so, send Dr. Tyler word that you are coming and also send the Class Secretary your contribution to the Class fund in the enclosed envelope and fill out the enclosed blank. Always keep your Class Secretary posted as to any change of address, otherwise it will be your own fault if he loses track of you. Any time you hear news of interest about any of the members of our Class, send it promptly to the Secretary and it will appear in the Tech Review, the official organ of the Alumni.

HEADQUARTERS AND REGISTRATION. *Headquarters will be open from 8 A.M. to 9 P.M. daily (including Sunday), from Saturday, June 4, at noon, to Thursday, June 9, at 6 P.M. All persons attending the Reunion are earnestly requested to register as early as possible at the Henry L. Pierce Building of the Institute on Trinity Place (leading from Copley Square, parallel with Dartmouth Street).*

Railroad certificates must be deposited at headquarters not later than Wednesday noon, June 8, and must be called for not later than Thursday noon, June 9. It is desirable that certificates should be deposited on Monday, if possible, since no rebate can be allowed those desiring to make an early return until 100 certificates have been received.

The General Headquarters will be in Room 14, H. L. Pierce Building, and here, besides opportunity for registering and obtaining tickets, those attending the Reunion will find a special stenographer at their service. Mail will be handled here, and, through the courtesy of the American Telephone and Telegraph Company and the New England Telephone Company, free telephone service over local and long distance lines will be provided. Telephone Number, Back Bay, 2660. Souvenir badges will be furnished; while guide-books, Institute publications and photographs of the Presidents of the Institute will be on sale.

In the basement of the H. L. Pierce Building, tables for rendezvous will be assigned by classes, and representatives of the classes will be ready to greet visitors. The Association of Women will have headquarters in the Margaret Cheney Room, H. L. Pierce Building, and ladies attending the Reunion will be welcome there at all times. The Committee on Hospitality will be in attendance at headquarters. Rooms for reading, writing, smoking, and conversation will be open, and every possible provision will be made for the comfort and convenience of arriving friends.

Special announcements will be made at headquarters by circulars or bulletins, and any questions or difficulties in regard to tickets will be adjusted.

TECHNOLOGY CLUB. 83 Newbury Street, nearly opposite the Rogers Building. The club-house contains reading, lounging, and billiard rooms; a commodious dining-room where *table d'hôte* breakfast, lunch, and dinner are served at a moderate price; a telephone; facilities for writing, etc. Its privileges are cordially extended during the Reunion, to all.

SOCIETY HEADQUARTERS

SIGMA CHI FRATERNITY

The Alpha Theta Chapter will keep open house at 311 Beacon Street with accommodations to all chapter alumni who may desire it. An informal reception to Chapter Alumni and their friends will be held on June 7.

THETA XI.

The Delta Chapter will furnish rooms for graduate members at the Fraternity house, 137 Coolidge Street, Brookline, and will have a spread in Room 4, Hotel Berkeley, on Tuesday afternoon.

THE NUMBER SIX CLUB

The Number Six Club will welcome visitors any time Monday, Tuesday, or Wednesday, and a special "At Home" will be given Tuesday, two to six P.M.

PHI BETA EPSILON

The Fraternity will keep open house at 237 Beacon Street for Alumni members during the Reunion week.

DELTA UPSILON

The Technology Chapter will keep open house for graduate members at 264 Newbury Street during the Reunion. Informal reception to D. U. alumni Monday evening, seven to nine.

SIGMA ALPHA EPSILON

The Fraternity will keep open house for graduate members at 263 Newbury Street, on Tuesday, June 7th.

PHI GAMMA DELTA

The Fraternity will keep open house for all Alumni and visiting members during the Reunion.

DELTA TAU DELTA

Owing to the expiration of the lease on the Fraternity house on June 1, no entertainment of the graduates will be possible.

(Calendar continued.)

The Trustees of the Museum have courteously placed it at the disposal of the Institute for this occasion. Admission will be by ticket, obtained on registration. Refreshments will be served in the adjacent Hotel Westminster, connected with the side entrance by a special passageway for this occasion. Music by members of the Boston Symphony Orchestra.

TUESDAY, JUNE 7, GRADUATION DAY.

8.00 A.M. to 9.00 P.M. Headquarters open.

10.00 A.M. to 12.00 M. Special Trolley Trip.

To those who wish to put in two profitable hours seeing Boston and its suburbs, we recommend a trip in the special "Seeing Boston" cars which leave each day from 15 Park Square (opposite Old Providence Station) at 10 o'clock A.M. and 2 o'clock P.M. Circulars describing this trip can be had at headquarters. Fare for the round trip, 50 cents. If a large number wish to take this trip on Tuesday forenoon, special cars will be brought to Copley Square for our convenience; and those who wish to do so should leave their names at headquarters. Other local excursions may be announced by Bulletin at headquarters.

2.00 to 6.00 P.M. Class and Fraternity spreads. (See also p. 5.)

Classes of '68 to '77, inclusive, will unite for spread at Hotel Brunswick, 2.00 to 5.30 P.M.

Classes of '78, '79, '80, and '81 will unite for spread at Hotel Brunswick, 2.00 to 5.30 P.M.

Classes of '82, '83, and '84 will unite for spread at Hotel Brunswick, 2.00 to 5.30 P.M.

Classes of '85, '86, and '87 will unite for spread at Hotel Brunswick, 3.00 to 5.00 P.M.

Class of '88 at Hotel Vendome, 12.00 to 6.00 P.M.

Class of '89 at Automobile Club (Boylston St.), 1.00 P.M.

Class of '90 at Hotel Brunswick, 2.00 to 6.00 P.M.

Class of '91 at Oakley Country Club, Watertown, 2.00 to 6.00 P.M.

Class of '92 at Hotel Brunswick, 2.00 to 6.00 P.M.

Class of '93 at Hotel Brunswick, 2.00 to 6.00 P.M.

Class of '94 at Hotel Westminster, 2.00 to 5.00 P.M.

Class of '96 at Hotel Berkeley, 2.00 to 6.00 P.M.

Class of '97 at Hotel Brunswick, 2.00 to 6.00 P.M.

- Class of '98 at Hotel Brunswick, 2.00 to 6.00 P.M.
 Class of '99 at Copley Square Hotel, 3.00 to 6.00 P.M.
 Class of '00 at Hotel Lenox, 2.00 to 6.00 P.M.
 Class of '01 at Hotel Brunswick, 2.00 to 5 P.M.
 Class of '02 at Hotel Brunswick, 12.00 to 5.30 P.M.
 Class of '03 at Hotel Berkeley, 2.00 to 6.00 P.M.

(The reception by Mrs. S. J. Mixter to ladies attending the Reunion, originally announced for Tuesday afternoon, has been postponed till Wednesday evening. See p. 14.)

* 2.30 to 4.00 P.M. Graduation Exercises, Class of 1904, Huntington Hall.

4.00 to 6.00 P.M. Visits to Institute Departments, where members of the Faculty and Instructing Staff will receive visitors. (See special Directory of Buildings to be obtained at headquarters.)

6.00 to 8.00 P.M. Class Dinners (see also p. 7.)

Classes of '68 to '78, inclusive, will unite for dinner at Hotel Westminster at 6 P.M.

march into the hall, displaying class banners furnished by the Excursion Committee. Tables for the respective classes will be appropriately marked. For the benefit of our guests a spacious room on the left of the first balcony has been equipped with tables and chairs, and refreshments will be served during the entire evening to all who wish to avail themselves of the opportunity. A committee of undergraduates will be in attendance to look after the comfort of our guests and to give any desired information. The first balcony will be reserved for ladies and their escorts.

11.00 P.M. Classes will march from Symphony Hall to Rogers Building, which will be illuminated with red fire. Cheering, led by Giles Taintor, '87.

WEDNESDAY, JUNE 8

8.00 A.M. to 9.00 P.M. Headquarters open.

10.00 A.M. to 5.00 P.M. Harbor Excursion.

The steamer "Nantasket" will leave Rowe's Wharf (Rowe's Wharf Station, Atlantic loop, Elevated Railway) at 10.00 A.M. *sharp*, carrying Alumni and their friends, including ladies, to Nantasket.

The boat will start on the minute, and those who are unfortunate enough to miss it must follow by a later boat from Rowe's Wharf at 10.20 or 12.20 or by train from the South Station at 10.43 or 1.43.

NOTE.—The Harbor Excursion will take place *Rain or Shine*, as arrangements have been made to carry out the entire program under cover, if necessary.

There will be free check-rooms on the Excursion Steamer, and persons from out of town attending the excursion, and the banquet on Wednesday, can check valises with evening dress at the steamer, to be delivered at our dressing-rooms at Hotel Somerset free of charge. "Stunt" properties addressed to proper class, Tech Reunion Excursion, care Nantasket Beach Steamboat Company, Rowe's Wharf, will be properly taken care of, and an express wagon will await the steamer at the beach to transport them to the hotel.

During the passage to Nantasket, singing will be led by the Tech Show Quartette and a portion of the Glee Club, accompanied by the band. Some of the Mandolin Club will also

be on board. A special bulletin will be circulated, in which will be printed a general program for the day and words of the Tech songs that will be sung. Wireless telegraph bulletins will also be received. As the steamer passes Castle Island, a salute will be fired from the shore, and again at the Hull Yacht Club. On approaching the dock at Nantasket, a large M. I. T. banner will be seen high over the beach, suspended by kites.

After landing, the standards of the different classes will be set up on the beach (in the pavilion, if rainy), to furnish a rallying place for the classes. After the classes have assembled, class badges will be distributed; and, while this is being done, the guests will be escorted to the hotel by special aides. Special provisions will be made for the comfort and convenience of ladies accompanying participants. At the sound of a cannon-shot the classes will form in line, and, conducted by the marshal and his aides and by the class of '04 as provost guards, will march to the hotel with flying colors and inspiring music by the First Corps Cadet Band.

Upon arrival at the hotel the colors will be stacked and the collation served.

After luncheon and at a signal from the bugler the classes will again form for a parade to the lawn in front of the hotel, preparatory to the carrying out of the characteristic and joyous stunts which have been prepared in secret by each class. The invited guests will in the mean time take seats upon the hotel piazza, no one being allowed on the lawn save the classes. After assembling, each class will set loose fire balloons bearing the class numerals. The stunts will then be run off in the order decided upon by the Stunt Committee. These will be varied by dancers from the Tech Show. After this feature is finished, the prize will be awarded and the classes will again march to the boat, arriving in Boston not later than 5 P.M.

7.00 P.M. Alumni Banquet, Hotel Somerset, Commonwealth Avenue, (dressing rooms provided). Dinner will be preceded by a long Tech yell and a toast to the Institute, and followed by short addresses from Secretary of the Navy W. H. Moody, Governor John L. Bates, Mayor P. A. Collins, President H. S. Pritchett of the M. I. T., President F. W. Gunsaulus

June 1904 6th 7th & 8th
In reply to the numerous notices
sent out during April & May
relative to raising a class fund
& to ascertain how many would
attend the Reunion replies of
some sort were rec'd from
about thirty per cent.
Plans for the week were arranged
& carried out as follows:-

Class Dinner, University Club.
June 6th 1904.

The following 18 were present.

Brady	Greenlaw	Ripley W. G.
Clunhill	Loring	Sherman
DeWolf	Machado	Spaulding
Ellis	McDonald	Stearns
Gilmore	Mossman	Tapp
Goodwin	Noyes J. K.	Woodman

In the absence of our president
Charles Hayden, W. G. Ripley presided.
A general good time followed
with sundry remarks from
all sides of the table.

With regards to the question of a possible merger with Harvard University, the following resolution was passed, -

It is the sense of the Class of Ninety, that the Faculty of the Institute, as the custodian of the Educational Ideal & Policy, should be consulted by the Corporation before any final action tending towards the affiliation of the Institute with Harvard University be taken.

Copy of same was duly forwarded by the class secretary to Dr. Williams secretary of the Corporation.

After the dinner the class attended the Reception at the Art Museum.

June 7th
Class Spread was given at the
Dunsmuir & the following were
present, several being accompanied
by the ladies.

Blood	Gilmore	Noyes J.K.
Brogg	Godwin	Sherman
Burley	Hills	Spaulding
Coole	Machado	White
Delano	McDonald	Woodman
Ellis	Mossman	

During the afternoon we were
visited & cheered by several of
the classes & in return invited
them to partake of our punch.
At 6.30 a light supper was
served & at 7.45 with a ten
foot Tech Banner inscribed
with a large '90 we marched
to Symphony Hall for Tech
Night at the Pop.
After the "Pop" all of the classes
marched to Rogers Bldg & cheered
the names of the Tech Parents.
The following members

of '90 were present during
the evening.

Ayers	Hayden	Noyes J. K.
Blood	Hills	Repley W. G.
Bragg	Hollis	Royce
Burley	Ellis	Sherman
Clayhill	Machado	Spaulding
Delano	McDonald	Stearns
DeWolf	Moseman	White
Gilmore	Norris A. C.	Woodman
Godwin		

Wednesday June 7th 1904.

The Alumni in a body went to
Nantasket on the steamer "Nantasket"
& had lunch served at the
Atlantic House.

After that the classes assembled
on the green & each one gave
a stunt.

Ninety gave a cake walk.

The boys appeared in costume
while the band played a rag-
time.

Charlie Hayden came on ahead

carrying the cake (?) & wearing
short trousers with long stockings.
On his back was a large sign
reading "The way I came to Tech."
The following fellows went
down on the trip; -

Blood	Gilman	Noyes J. K.
Bragg	Hayden	Royce
Delano	Hille	Seeler
DeWolf	Machado	Sherman
Dwelling	McDonald	Simpson
Ellis	Morrison	Woodman

The day wound up with the
Banquet at the Somerset at
which the following from
Ninety were present.

Blood	Gilman	Noyes J. K.
Bragg	Godwin	Royce
Good	Hayden	Seeler
DeWolf	Machado	Sherman
Ellis	McDonald	Woodman

Geo. L. Gilman Sec.

PROCLAMATION

Col. Frank L. Locke, '86, is hereby appointed Chief Marshal
of Excursion Day, Tech Reunion, June 8, 1904.

BY ORDER SECRETARY OF WAR.

TECH REUNION. EXCURSION COMMITTEE.

HEADQUARTERS OF THE CHIEF MARSHAL.

GENERAL ORDERS No. 1.

The following appointments are announced:

* LIEUT. B. R. T. COLLINS, '88 *Chief of Staff*
LIEUT. T. W. SPRAGUE, '87 *Ass't Chief of Staff*

Hids.

F. H. WILLIAMS, '73	SOLOMON STURGES, '87
E. C. MILLER, '79	* A. T. BRADLEE, '88
F. W. CLARK, '80	* CLIFFORD M. SWAN, '99
JAS. P. MUNROE, '82	* F. W. FREEMAN, '01
ALEX. R. MCKIM, '85	* B. BLUM, '04
* A. D. LITTLE, '85	* W. W. CRONIN, '04
S. J. MIXTER, '75	<i>Surgeon</i>
* J. A. ROCKWELL, '96	<i>Asst. Surgeon</i>
R. H. RICHARDS, '68	<i>Chaplain</i>
H. S. CHASE, '83	<i>Provost Marshal</i>
H. W. TYLER, '84	<i>Press Censor</i>
* W. J. MIXTER, '02	<i>Chief of Artillery</i>
* E. G. THOMAS, '87	<i>Paymaster</i>
* H. N. DAWES, '93	<i>Commissary</i>
* C. M. SPOFFORD, '93	<i>Stunt Steward</i>
* C. G. MIXTER, '02	<i>Quartermaster</i>
* H. L. COBURN, '98	<i>Engineer</i>
LIEUT. CHAS. H. PARKER, '95	<i>Signal Officer</i>
* E. S. MANSFIELD, '96	<i>Chief Aeronaut</i>
* H. D. JACKSON, '97	<i>Chief Wireless Telegrapher</i>
GELETT BURGESS, '87 }	<i>Megaphoners</i>
F. S. V. SLAS, '95 }	
F. F. BULLARD, '87	<i>Musical Director</i>
GEO. B. GLIDDEN, '93	<i>Drum Major</i>

They will be obeyed and respected accordingly.

FRANK L. LOCKE,

Chief Marshal.

EXCURSION COMMITTEE'S ANNOUNCEMENTS.

ON THE BOAT:—

Free check room on lower deck.

Quartette will please report to Mr. Bullard, '87, lower deck, forward, on arrival.

By courtesy of Secretary of Navy the latest news will be wig-wagged to our signal officer from Castle Island.

Mr. Sousa has kindly consented to lead the band during one or two numbers.

Special.—Class Marshals, with banners, please be at gang plank a few minutes before landing at Nantasket.

ON LANDING AT NANTASKET:—

Guests will please go directly to Atlantic House from the boat on landing by the road. There will be public carriages at pier. Fare, 10 cents.

Institute men form at class banners on the beach. *Note.* As time is limited, get to the beach and line up as quickly as possible.

March to Atlantic House along the beach.

On presenting your luncheon tickets at Atlantic House you will be given an identification badge, which you will kindly wear prominently.

We will arrive at hotel about 12 o'clock, and as the class program should start at one o'clock there will be about an hour, and the crowd is so large that there will necessarily be two tables, thus allowing about half an hour for luncheon.

Stunt dressing rooms are in lower floor of Annex just off driveway under bridge. Each class will have a room to keep properties. See number on door.

Make all arrangements for stunts that you possibly can before Assembly.

Soon after one o'clock bugles will call "Assembly," when classes will form on driveway in rear of hotel and march to Arena, where stunts will be run off.

Special Notice.—It is very necessary that classes appear promptly when called out for stunts. If there is any preparation to be made leave the Arena early enough to be ready when class is called. If class has no stunt prepared it will be expected to march around inside the circle and give class cheer.

II. ON ROGERS STEPS.

1

When thinking of our years at TECH, the toilsome, busy days
Are those which first come to our minds when her great name we praise;
But all good sons of stern old TECH have other visions dear,
Of hours and troubles smoked away with merry comrades near,

Refrain.

On Rogers steps! what happy mem'ries cheer us,
Of college chums and friendships made to last!
Years come and go, but still they'll seem as near us
As when we sat on Rogers steps in the golden, glorious past.

2

To those who win, to those who lose, the end is just the same:
So strive we on, and play our part here in the world's great game;
And side by side we'll always stand and keep TECH to the fore,
And cheer her as we used to do in those fair days of yore.

Refrain.

III. THE BEST SCHOOL OF ALL.

We'll honor yet the school we know,
The Best School of All!
We'll honor yet the rule we know
Till the last bell call;
For working days or holidays,
Or glad or melancholy days,
They're great days and jolly days
In the Best School of All!

It's good to cheer the school we know,
The land of youth and dream.
It's good to cheer the rule we know
Before we take the stream.
Though we may miss the sight of her,
Our hearts will ne'er forget;
We'll keep the old delight of her;
We'll keep her honor yet.

We'll honor yet the school we know, etc.

The men that are the guide of us,
Our daily foes and friends,
They shall not lose their pride of us,
Howe'er our journey ends.
Their voice, to us who sing of it,
For aye its message bears:
The great, round world shall ring of it,
And all we are be theirs

We'll honor yet the school we know, etc.

Climbin' Up the Institute Stairs

HOLLON C. SPAULDING, '87

Now, if you'll give attention,
Some trials I will mention—
Climbin' up the Institute stairs;
For mechanics is my grip,—
Though I very often slip,
Climbin' up the Institute stairs;
And the Prof's, so good and kind,
I am sure will never mind—
Climbin' up the Institute stairs—
If I punch them one by one,
Just to make a little fun—
Climbin' up the Institute stairs.

CHORUS:

Then we hear those bells a-ringing,—
We hear, but no one cares,
For the jolly Techs are singing—
Climbin' up the Institute stairs.

Mr. Cross, the physics terror,
Who so seldom makes an error,—
Climbin' up the Institute stairs,—
We will ever hope and pray
That he'll let us through in May—
Climbin' up the Institute stairs.
Webster Wells, in conic sections,
Surely beats the last elections—
Climbin' up the Institute stairs;—
For his head's with knowledge stored
When he sends you to the board—
Climbin' up the Institute stairs.

CHORUS.

Peter Schwamb, with bevel gears,
Fairly moves us all to tears;
And his epicyclic train
Made us nearly all insane—
Climbin' up the Institute stairs.
And, though giving passing notice,
We must say a word of Otis;
For of all the funny Dutch,
The old "Esel" was too much—
Climbin' up the Institute stairs.

CHORUS.

As for Faunce's curves and tangents,
Just imagine, if you can, gents,
That you're ever in a nip;
Then, what good is his descrip'?—
Climbin' up the Institute stairs.
Then there's dear old William's English
(Two whole hours a week of anguish),
When at least we have a rest,
While his lectures we digest—
Climbin' up the Institute stairs.

CHORUS.

Spite of all I've said before,
How professors are a bore,
I assuredly believe
That you wouldn't care to leave—
Climbin' up the Institute stairs.
Now the Class of '87
Is a synonym for heaven;
So enjoy while we may,—
For our life is not all play,—
Climbin' up the Institute stairs.

CHORUS.

June/1904

PROGRAM No. 8. SECOND GROUP OF TECH SONGS.

I. TAKE ME BACK TO TECH!

1

I wish that I were back again
At the TECH on Boylston Street,
Dress'd in my dinky uniform,
So dapper and so neat.
I'm crazy after Calculus:
I never have had enough.
It was hard to be dragged away so young:
It was horribly, awfully tough!
Oh, give me some 'Ology,
'Ology, tra-la-la-la!
Any old kind of 'Ology!
Tra-la-la-la-la-la-la-la-la-la-la.

Refrain.

Take me back on a special train
To the glorious Institute.
I yearn for the inspiration
Of a Tech-nol-o-gi-cal Toot!
I'd shun the physical, quizzical Prof.
And Chapel, and all that;
But how I would love again to go
On a Scientific Bat!

2

Oh, back to the days that were free from care,
In the 'Ology Varsity shop,
With nothing to do but analyze air
In an an-e-mo-met-ri-cal top;
Or the dif-fer-en-ti-a-ti-on
Of the trig-o-nom-e-tri-cal pow'rs
Of the constant π that made me sigh
In those happy days of ours.
'Rah for TECH-NOL-O-GY!
'Ology, 'Ology, oh!
Glorious old TECH-NOL-O-GY!
'Ology, 'Ology, 'Ology, 'Ology.

Refrain.

II. PREXY FOR AYE!

1

Long live the President!
Cheer for the President!
Prexy for aye!
Head of TECHNOLOGY,
Leader in knowledge,
He needs no apology,
Prexy for aye!

2

Wise in the ways of truth,
Wise in the ways of youth,
Chief of our clan,
Long may he live, to learn
How at his every turn
TECH men in him discern
TECH's ideal man.

Handwritten notes on the right margin, including "1 to", "2", "3", "4", "5", "6", "7", "8", "9", "10", "11", "12", "13", "14", "15", "16", "17", "18", "19", "20", "21", "22", "23", "24", "25", "26", "27", "28", "29", "30", "31", "32", "33", "34", "35", "36", "37", "38", "39", "40", "41", "42", "43", "44", "45", "46", "47", "48", "49", "50", "51", "52", "53", "54", "55", "56", "57", "58", "59", "60", "61", "62", "63", "64", "65", "66", "67", "68", "69", "70", "71", "72", "73", "74", "75", "76", "77", "78", "79", "80", "81", "82", "83", "84", "85", "86", "87", "88", "89", "90", "91", "92", "93", "94", "95", "96", "97", "98", "99", "100".

Handwritten note at the bottom right corner: "100".

III. THE JANITORS' UNION.

1

Now you may think the king doth rule, but we tell you, "not so";
For many things that happen here the king can never know.
He shivers and he catches cold whene'er we bank the fires;
And, when we wish to waste the coal, Good Lord! how he perspires!

Refrain.

For we belong to the Union, as you may easily see.
All of our walking delegates as busy as union men can be.
Hurrah for the Janitors' Union, that means so much to me!
For tenants and proprietors must humbly bow the knee.

2

We sweep with feather dusters, though the king prefers a mop;
And ev'ry time he sees us, he tries to make us stop.
Do you think we are going to kneel and ossify our knees?
If dust gets in his royal nose, he is allowed to sneeze.

Refrain.

3

In our thermodynamic course they teach us about heat;
On radiators, traps, and pipes, you bet, we can't be beat.
But when we question Peabo hard, and argue to his face,
All we can get from Peabo is,—"Is Miller round the place?"

Refrain.

IV. A STEIN SONG.

1

Give a rouse, then, in the Maytime,
For a life that knows no fear!
Turn night-time into day-time
With the sunlight of good cheer!
|| For it's always fair weather
When good fellows get together,
With a stein on the table
And a good song ringing clear.||

2

Oh, we're all frank-and-twenty
When the spring is in the air;
And we've faith and hope a-plenty,
And we've life and love to spare.
|| And it's birds of a feather
When good fellows get together,
With a stein on the table
And a heart without a care.||

3

For we know the world is glorious,
And the goal a golden thing,
And that God is not censorious
When His children have their fling.
|| And life slips its tether
When good fellows get together,
With a stein on the table
In the fellowship of spring.||

Class of Ninety

W. L. ...

You have undoubtedly received a notice from the Annual Association that page 5th, 1903, will be Commencement Day, and that that evening will be Technology Night at the Pop Concert.

There will be a Ninety Class Dinner at the University Club, 270 Beacon Street, that evening at 6.30, informal dress, after which we will proceed to the Pop Concert. Price of Dinner, Two Dollars and Fifty Cents. Price of extra ticket for the Pop Concert, One Dollar. Price of extra tickets for the balcony for lady friends at the Pop Concert, Seventy-five Cents.

That we may know about the arrangement of our tables, we are suggesting that instead of your sending for the seats to the Annual Committee that you send to us and we shall be very glad to do the work.

Will you kindly send us a reply by return mail, enclosing check for such tickets as you desire. Replies must be received not later than May 30th.

If you have already sent your Dollar for the Pop Concert ticket kindly advise.

OLIVE F. CLEMONS, Secretary,

TECH NIGHT AT THE POP

Tuesday, 8.00 p.m., June 5, 1906

M. I. T. '90

"NINETY, NINETY, Ruh, Ruh, Rah!

NINETY, TECHNOLOGY, Sic, Boom, Bar! NINETY."

The Annual Class Dinner of NINETY will be held at the Algonquin Club, 217 Commonwealth Avenue, Tuesday evening, June 5th, at 6.30 P. M. sharp. The cost will be two dollars and fifty cents per plate. Application for tickets must be made not later than June 2nd to Geo. L. Gilmore, Lexington, Mass.

After the dinner we shall go to Symphony Hall and show the rest of the Alumni that NINETY can do its share in the cheering.

Tickets for the Pop are one dollar each and are to be obtained of L. W. Pickart, 88 Newbury Street, Boston, not later than June 2nd.

If you prefer, you can send your dollar for the Pop ticket to your class secretary and he will secure it.

As it is necessary to know how many will attend, replies must be made to your class secretary not later than June 2nd.

Come if possible and have NINETY well represented. Remember, the least you can do is to reply to this notice, as, whether you are to be present or not, we want to hear from you and to know that you are still true to NINETY.

Drop a line at once to your class secretary,

GEO. L. GILMORE,

Lexington, Mass.

"TECH" NIGHT AT THE POPS.

"Pop" music and M. I. T. 'rahs vied with each other in the acoustics of Symphony hall for the ninth time last night and as usual the 'rahs won decisively, the music of the orchestra being quite put out of hearing and the 'rahs lifted to deafening exhilaration. But nobody expected anything else and indeed the evening would have been a sore disappointment if it had been any different.

Outdoors the night developed some bad weather, but it did not matter. Indoors such a jolly collection of good fellows happened upon one another, from '68 to '06, that there was necessarily fair weather there, with steins on the table, too, and good songs ringing clear. Pandemonium reigned for a long time and many a stein was broken. But that was all comme il faut.

The classes gathered early amid a tangle of yells. The galleries were crowded with the fair. Many a sky rocket of colored paper ribbon shot up to them, not without welcome, and in return clouds of confetti poured down, which '06 men rushed to be showered with. Pres. Pritchett was early discovered and overwhelmed with 'rahs. Bursar Percy Rand found locomotion easy to the front on the shoulders of a committee of the graduating class, and Instructor Blackstone was torn from the galleries by a like committee and went where the tinkling glasses were. A sensation was the ovation to Instruction Bur- rison and three cheers were offered for "Applied mechanics."

It was a wild night for M. I. T. 'Rah. 'Rah. 'Rah, every moment crowned with the sentiment:—

"But all good sons of old stern Tech have other visions clear,
"Of hours and troubles smoked away with merry comrades near."

As the Stein song was quaffed the class of '87 marched to the front with a huge class banner and when the song was con- cluded the name of its lamented author, Bullard '87, was reverently cheered.

Conductor Zach kept his head to the very close, "rattling" not a bit. If he was at all disturbed he was put in a position to drown his displeasure in a magnum of champagne offered him with the compli- ments of the colors of M. I. T.

First time.

in general work there is, of course, the handicap of a lack of conductorship with the baton and gestures, but this is in some degree offset by the aptitude of the pupils and by a soft tapping of the tempo from the rear of the orchestra, inaudible to the audience at the front. The present writer speaks from personal knowledge when he says that even the intricate of a fugue, or the most complex contrapuntal passages, are unravelled by a blind pupil almost as easily as if he was able to read the printed notes of the "Well-tempered Clavier."

We were glad to note, however, that there had been improvement in the orchestra in the few matters which we pointed out as defective in one of the preceding performances. The works given were the first movement of Haydn's Symphony in D major (B & H No. 5) and the March from Mendelssohn's "Athaliae." The first was naturally the chief test of ability.

There was in this a bolder bowing of the string band than we have heard before, and thanks to the addition of more contrabasses, the work did not sound "top-heavy"—all melody and no harmonic foundation.

June 5th 1906.

In reply to 150 notices sent to members of the class replies were rec'd from 45 but unfortunately most were regrets. At the dinner at the Algonquin Club the following were present. Atwood, Packard, Morrison, Tripp, Hayden & Gilmore.

After that in Hayden's Pop-Toledo suit we went to the 9th Annual Tech night at the Pop.

We were here greeted by Barley & Goodwin while Miss Malby was in the gallery.

Eleventh Technology Night at the "Pops," 1908

I. DEAR OLD M. I. T.

H. S. WONSON, '07

I. The sun with glowing crimson
Has tinged the sky's dull gray;
The glory of the sunset
Uplifts our flag to-day;
While here beneath our colors,
With hearts that never yield,
Our boys are fighting onward,
Fighting onward 'cross the field.

Chorus: Fight on, boys, we are cheering for you,
For we want you to win to-day;
Do your best, we are all behind you,
And you're wearing the Red and Gray.
Though the odds may be great against you,
Full of sturdy courage be;
And we'll raise a song of victory
For dear old M. I. T.

II. Before old Harvard's crimson,
Before the rows of Brown,
Before the green of Dartmouth,
Our colors will not down;
Though Amherst's white and purple
Bid the Red and Gray to yield,
Our cheer, still strong and clear, boys,
Will ring across the field.

Chorus.

III. On the days that are before us
We will gather as of yore,
And raise, in swelling chorus,
The grand old cheer once more.
And, when the battle's over,
Then at the close of day
Once again we'll raise our colors,
Victory crowns the Red and Gray.

Chorus.

II. ON ROGERS STEPS

THOMAS WINTHROP ESTABROOK, '05

I.

When thinking of our years at TECH, the toilsome, busy days
Are those which first come to our minds when her great name we praise;
But all good sons of stern old TECH have other visions dear,
Of hours and troubles smoked away with merry comrades near.

Refrain.

On Rogers steps! what happy mem'ries cheer us,
Of college chums and friendships made to last!
Years come and go, but still they'll seem as near us
As when we sat on Rogers steps in the golden, glorious past.

II.

To those who win, to those who lose, the end is just the same:
So strive we on, and play our part here in the world's great game;
And side by side we'll always stand and keep TECH to the fore,
And cheer her as we used to do in those fair days of yore.

Refrain.

III. TAKE ME BACK TO TECH

I. W. LITCHFIELD, '85

FRED SEAVER

Air, "Solomon Levi"

I.

I wish that I were back again
At the TECH on Boylston Street,
Dress'd in my dinky uniform,
So dapper and so neat.
I'm crazy after Calculus:
I never have had enough.
It was hard to be dragged away so young:
It was horribly, awfully tough!
Oh, give me some 'Ology,
'Ology, tra-la-la-la!
Any old kind of 'Ology!
Tra-la-la-la-la-la-la-la-la-la-la.

Refrain.

Take me back on a special train
To the glorious Institute.
I yearn for the inspiration
Of a Tech-nol-o-gi-cal Toot!
I'd shun the physical, quizzical Prof.
And Chapel, and all that;
But how I would love again to go
On a Scientific Bat!

II.

Oh, back to the days that were free from care,
In the 'Ology 'Varsity shop,
With nothing to do but analyze air
In an an-e-mo-met-ric-al top;
Or the dif-fer-en-ti-a-ti-on
Of the trig-o-nom-e-tri-cal pow'rs
Of the constant π that made me sigh
In those happy days of ours.
'Rah for TECH-NOL-O-GY!
'Ology, 'Ology, oh!
Glorious old TECH-NOL-O-GY!
'Ology, 'Ology, 'Ology, 'Ology.

Refrain.

IV. A STEIN SONG

RICHARD HOVEY

FREDERICK FIELD BULLARD, '87

I.

Give a rouse, then, in the Maytime,
For a life that knows no fear!
Turn night-time into day-time
With the sunlight of good cheer!
For it's always fair weather
When good fellows get together,
With a stein on the table and a good song ringing clear.
For it's always fair weather
When good fellows get together,
With a stein on the table and a good song ringing clear

II.

Oh, we're all frank-and-twenty
When the spring is in the air;
And we've faith and hope a-plenty,
And we've life and love to spare.
And it's birds of a feather
When good fellows get together,
With a stein on the table and a heart without a care.
And it's birds of a feather
When good fellows get together,
With a stein on the table and a heart without a care.

IV.

When the wind comes up from Cuba
And the birds are on the wing,
And our hearts are patting juba
To the banjo of the spring,
Then life slips its tether
When good fellows get together,
With a stein on the table in the fellowship of spring;
Then life slips its tether
When good fellows get together,
With a stein on the table in the fellowship of spring.

Cake Walk Troupe, Class of '90, First Tech Reunion

THE GREAT REUNION *June 7/8/1909*

THE coming Reunion will be so absolutely unique, so bubbling over with enthusiasm, and on so grand a scale that the description and numerous pictures of the festivities in the July Review will be of great interest generally. The advertising pages will be valuable and the greater the returns from this department the more the Alumni Association can accomplish.

Send in copy for advertising by June 1st, if possible, or influence some friend to do so. Every professional card adds dignity to the magazine and impresses the general reader with the work that Tech men are doing in the world. This issue of the Review will run up to nearly 4,000. It will be sent only to members of the Alumni Association. Yearly subscription \$2.00. Single copies 50 cents. Forms close June 15. Advertising rates:

	Per Issue	Per Year
1-4 page	\$12	\$35
1-2 page	20	60
1 page	35	100

Yours very truly,

THE TECHNOLOGY REVIEW.

83 Newbury Street, Boston.

June 7, 8, & 9, 1909.

Second All Technology Reunion.

During the Reunion, the following members of the class were registered at head quarters & were present at one or more of the gatherings: -

Atwood	Art Miss. J.	Packard
Bragg	Hayden	Rice
Bulley	Horton	Ripley W. G.
Carney	Howes A. B.	Sherman
Coole	Ellis	Simpson
DeWolfe	Joyce L. J.	Spaulding
deBarney	Rendall	Swanton
Dodge	Malineau Miss M. A.	Tilson
Emerson	Moore	Tuttle
Gilmore	Newton	Voorhees
Goodwin	Norris A. E.	Wason
Harvey	Noyes J. R.	Whitney.

Of these Carney came from Burlington Iowa & Dodge from Toledo Ohio & neither would have married it.

June 8, 1909

On the Day of Classes at Nabrant
Nativity, went down with Col.
Charles Hayden on his steam
yacht "Wacouadah" with the
class of '68 as guests.

As 1915 will be our twenty-fifth
anniversary & the fiftyth anniversary
of the opening of Tech, it was
voted unanimously that the
class of '68 should be our guests
at dinner on that occasion &
the invitation was accepted though
Prof. Richards who promised to
be present.

June 9, 1909

On the Harbor excursion to Naataduk
for a stunt on the green about twenty
members of the class marched in
with locked arms & in response to the
inquiry by Gilman through a meg.,
aphone of "Who locked '89 & who locked '91?"
gave our class yell "Ninety, Ninety,
ruh, ruh, rah, Ninety, Technology
is born in Ninety!" & marched off.

Ode

THE INSTITUTE

(The audience is invited to rise and sing the Ode to the tune of "Sicily")

Founded on the rock of knowledge,
Planned with wisdom, wrought with care,
Rose our citadel of learning,
Rich in promise, strong, and fair.

Wide its portals, broad the outlook,
From its towers, through earth and sky ;
In its halls are all men welcome
Who would Nature's laws apply.

Loyal service, fruitful effort,
Zeal to search and know the truth,
These the watchwords of the wardens,
These the goals pursued by youth.

Praise and honor to the founder,
And to those whose course is run ;
Their example, as a halo,
Crowns the work so well begun.

We, the living, pledge our effort
To transcend the radiant past ;
Ever faithful to the standard,
To the promise holding fast.

Second Tech Reunion

PROGRAM

OF THE

DAY OF THE CLASSES

June 8, 1909

NAHANT

The Committee is not responsible for any changes in this program. This is about the way things ought to go and it's up to the whole crowd to carry it through.

COME TO NAHANT WITH THE PROFS.

A-Cross a Dewey Park where the Woods are Fuller Robbins, Lanza Schwamb of Tech men on their way to the Lodge. There being no Laws against Bates, Jackson caught a Puffer by the Gill and made a Noyes like a Huffy Porter. "Skinner Wells you can," said Niles, "and in the Rich (y) ards Crosby (crossed by) the Miller you will make a Goodwin and the Bursar will do the roasting for the Co-Eds."

At 11.45 A. M. The Waltham Watch Company Band will hold a preliminary warming up concert on Otis Wharf. The last number will be "Dear Old M. I. T." in which all are requested to join.

12 M. All pass aboard the palatial steamers of Fred Wilson's Nahant line which are quite as famous as the historical characters for which they are named. President Edwin S. Webster, '88, will be at the wheel of the General Lincoln, while Ex-President Walter B. Snow will turn the propeller on the Governor Andrew.

During the trip, numerous telegrams will be received on the wireless apparatus on board. It is earnestly requested that the assembled multitude refrain from passing facetious remarks regarding these messages as they may be very serious. Thanks are due to Ex-President Everett Morss, electric wire manufacturer, for the wireless.

While the boat officers all have licenses, the dry visitors will have to wait until they reach Nahant unless they can persuade the Captain to stop at some of the bars on the way.

If the Captain insists on less noise, tell him that boys will be boys and that that closes the incident. If it doesn't, call for Litchfield and have him put in irons.

The steamers will be convoyed on their perilous trip by Colonel Charles Hayden's well known gunboat, the Waconda, and General DuPont's dynamite cruiser, the Tech. Our honored guests will occupy these boats and we hope will enjoy the trip as much as we do.

After leaving the upper harbor, we see Governor's Island on the port bow. This is where Governor Draper does not live. In the distance is seen Apple Island, so called from its three elm trees. Those having glasses can discern Colonel Hayden with the first (apple) corps. (Formerly the residence of Apple Jack Scully.)

On the right is now seen Fort Independence on Castle Island, formerly independent but now merged with South Boston. While passing this fort, the band will play "Our Jolly Old Seat of Stone."

Next, on the left, we see Point Shirley. There is no particular joke about this but if you watch closely you may see the point. Here is Shirley Gut, a narrow strip of water so named because it is where '93 Gut away from Deer Island whose towers may next be seen. This is the famous suburban residence so peculiarly situated that it only takes six hours to get there, but six months to get away. While passing here the band will execute "The Best School of All."

Next, on the same side, we pass Deer Island Light whose keepers have always been famous farmers. They raise all their own vegetables there (on a rope.)

Now, on the starboard bow in the distance, are seen the stacks on Spectacle Island. This island is well known as a last resort for retired ponies, and derives its name from the fact that its unique aroma may be discerned *without* Spectacles. 'Tis music for the blind—let us not linger longer.

On the same side we now pass Long Island, so called because it has been there so long.

We now turn north into Broad Sound and for the benefit of any who have been affected by the swell, the band will render that heart melting refrain, "Take me Back to Tech."

By this time we ought to be at Bass Point where we will be met by '94, who have been lowering rents here since yesterday, with a Tech salute of DuPont's giant powder.

1.30 P. M. On landing, proceed at once to the hotel designated by your color. Your table will be designated by your class numerals. Don't stop while there is anything left on the table. Seize this time for the transaction of any brief class business. But be brief.

2.30 P. M. After dinner, the assembly call will be blown and the diners at the Bass Point House will fall in behind the band and march to the other hotels meeting the men at these places and all forming a grand triumphal march to the sea where an exciting ball game will be played in front of the Bass Point House between the "Invincibles" captained by Professor Richards, '68, and the "Ever Readys" under the leadership of Eben Stevens, '68. Anyone objecting to the Umpire's decisions will be doubly flunked and required to repeat the course.

After the game the winners are to be carried on shoulders to the lunch room where they may buy for the crowd.

Should this game fail to provide ball enough for some of the men, the interior decorator in the hotel may be interviewed or bats and balls may be procured at the information bureau and flies caught in the neighboring fields.

4 P. M. After the Ball is over, there will be an All-Tech Vaudeville Show in the Band Stand. Don't miss it.

4.30 P. M. It is now time for all to start back for the steamers and it is earnestly requested that those charitably inclined will lend a helping hand.

5 P. M. We leave for Boston again with the band, and all who have any voices left will be given a glorious opportunity to get them in shape for the evening. The favorite will be "O Tech, as I Look Back to Thee," sung to the tune of "Auld Lang Syne."

6 P. M. Arrive in Boston and meet at Trinity Place at 7.45 P. M., all ready for the Pops.

NOTICE: The Banquet Committee wishes to emphasize the fact that we will sit down to dinner on **WEDNESDAY** eve at 7.30 *sharp*. It is necessary to do this in order to carry out the program.

ALSO: Be sure and get your sun shade and rattle.

A CHEER FOR M.I.T.

(Air: "A Stein Song")

Lift your voices, then in song, boys,
For a school that knows no peer.
Now lusty, loud and long, boys
With a strong and hearty cheer.
For old Earth shifts her axis
As each fellow's brain relaxes
With a Rah Rah Technology
And a Rah, Rah, M. I. T.
For old Earth shifts her axis
As each fellow's brain relaxes
With a Rah Rah Technology
And a Rah, Rah, M. I. T.

When the Sun awakes in splendor
At the dawn of each new day
He flushes warm and tender
All the sky with red and gray.
For the World spins forever
While Tech fellows hold the lever
Singing Rah Rah Technology
And a Rah, Rah, M. I. T.
For the World spins forever
While Tech fellows hold the lever
Singing Rah Rah Technology
And a Rah, Rah, M. I. T.

TAKE ME BACK TO TECH

(Air: "Solomon Levi")

1.

I wish that I were back again
At the TECH on Boylston Street,
Dress'd in my dinky uniform,
So dapper and so neat.
I'm crazy after Calculus;
I never had enough.
It was hard to be dragged away so young;
'Twas horribly, awfully tough!
Oh, give me some 'Ology,
'Ology, tra-la-la-la!
Any old kind of 'Ology!
Tra-la-la-la-la-la-la-la-la-la-la.

Refrain

Take me back on a special train to the glorious
Institute!
I yearn for the inspiration of a Technological
Toot!
I'd shun the physical, quizzical Prof., and chapel,
and all that;
But how I would love again to go On a Scientific
Bat!

2.

Oh, back to the days that were free from care,
In the 'Ology, Varsity shop,
With nothing to do but to analyze air
In an anemometrical top;
Or the differentiation
Of the trigonometrical pow'rs
Of the constant pi that made me sigh
In those happy days of ours.
'Rah for TECHNOLOGY!
'Ology, 'Ology, oh!
Glorious old TECHNOLOGY!
'Ology, 'Ology, 'Ology, 'Ology.

Refrain

DEAR OLD M. I. T.

1.

The sun with glowing crimson
Has ting'd the sky's dull gray;
The glory of the sunset
Uplifts our flag to-day;
While here beneath our colors,
With hearts that never yield,
Our boys are fighting onward,
Fighting onward 'cross the field.

Chorus

Fight on boys, we are cheering for you,
For we want you to win to-day;
Do your best, we are all behind you,
And you're wearing the Red and Gray.
Though the odds may be great against you,
Full of sturdy courage be;
And we'll raise a song of vict'ry
For dear old M. I. T.

2.

On the days that are before us
We will gather as of yore,
And raise in swelling chorus
The grand old cheer once more;
And, when the battle's over,
Then at the close of day
Once again we'll raise our colors.
Vict'ry crowns the Red and Gray!

Chorus

RETROSPECTION

(Air: "Auld Lang Syne")

1.

O TECH, as I look back to thee,
My eyes are filled with tears;
I'll ne'er forget the place in which
I spent such (happy) years.
(wretched)

And as I look upon my life, (With fortune at my beck,
(Which is a total wreck,
I (bless with all my heart and soul the day)
(wish that I'd been sent to jail before) I entered TECH.

2.

The things I studied while at TECH,
(How useful they have been!)
(Such useless, foolish truck!)
I've used this knowledge (many times)
(just two times)
(My way in life to win)
(And each time I got stuck.)
And as I look, etc.

ALMA MATER, 'TIS TO THEE

(Tune "Maryland")

1.

O Alma Mater, 'tis to thee
We raise our song of glory;
The fame of old TECHNOLOGY
We'll tell in song and story.
So sound her fame the world along,
And raise on high her triumph song;
For every heart beats true and strong
For TECH, our Alma Mater.

2.

Tho' oft our life may seem a grind,
We'll praise our Alma Mater;
For man must work reward to find;
So praise our Alma Mater.
We do not delve in musty lore
By sages writ in days of yore;
We seek fresh truth from God's great store,
And praise our Alma Mater.

TECH FOREVER

1.

Fellows of Technology,
Give a cheer for M. I. T.
Cheer her in a mighty chorus;
Cheer the work that makes her glorious;
For the TECH give a cheer with a zest!
Cheer for M...I...T. Rah! Rah! Rah!
Dear old M...I...T. Rah! Rah! Rah!
Thrice dear to every manly heart
Enshrined in every breast.
Her loyal sons will ne'er forget
The goals on which their hearts she set.
TECH forever! . . . TECH forever! God be with
the M...I...T!

2.

Brothers of Technology,
Give a cheer for M...I...T.
Cheer the men who give us knowledge;
Cheer the School that beats the College;
For the Tech give a cheer with a will!
Cheer for M...I...T. Rah! Rah! Rah!
Dear old M...I...T. Rah! Rah! Rah!
Her fame is spread throughout the land,
Our Alma Mater grand!
Her banners never shall be furled;
We'll carry them throughout the world.
TECH forever! . . . TECH forever! God be with
the M...I...T!

JINGLE BELLS

1.

Dashing thro' the snow,
In a one horse open sleigh;
O'er the fields we go,
Laughing all the way;
With bells on bobtail nag,
Making spirits bright;
What fun it is to ride and sing
A sleighing song tonight.

Chorus

Jingle bells! jingle bells! jingle all the way!
Oh, what fun it is to ride in a one-horse open
sleigh!
Jingle bells! jingle bells! jingle all the way!
Oh, what fun it is to ride in a one-horse open
sleigh!

2.

A day or two ago
I thought I'd take a ride,
And soon Miss Fannie Bright
Was seated by my side.
The horse was lean and lank;
Misfortune seem'd his lot;
He got into a drifted bank,
And we — we got upstot.

Chorus

BRING BACK MY BONNIE TO ME

1.

My Bonnie lies over the ocean,
My Bonnie lies over the sea;
My Bonnie lies over the ocean,
Oh, bring back my Bonnie to me.

Refrain

Bring back, bring back, bring back my Bonnie
to me, to me;
Bring back, bring back, Oh, bring back my Bonnie
to me!

2.

Last night as I lay on my pillow,
Last night as I lay on my bed,
Last night as I lay on my pillow,
I dreamt that my Bonnie was dead.

Refrain

OLD FOLKS AT HOME

1.

Way down upon the Swannee ribber,
Far, far away,
Dere's where my heart is turning ebber,
Dere's where the old folks stay.
All up and down de whole creation,
Sadly I roam,
Still longing for de old plantation,
And for de old folks at home.

Refrain

All de world am sad and dreary
Eb'ry whar I roam.
Oh! darkies how my heart grows weary,
Far from de old folks at home.

2.

All 'round de little farm I wander'd,
When I was young,
Den many happy days I squandered,
Many de songs I sung.
When I was playing wid my brudder,
Happy was I;
Oh! take me to my kind old mudder,
Dere let me live and die.

Refrain

(Air: "In the Good Old Summer Time.")

1.

At the good old M. I. T.,
At the good old M. I. T.,
You have to work like a sun-of-a-gun
To capture your degree;
You dig and delve from 9 till 5,
Then home and study till three.
Your brains are strong, or you don't stay long
At the good old M. I. T.

2.

At the good old M. I. T.,
At the good old M. I. T.,
We set the pace that wins the race
Of M. E. R. I. T.
We've got the men, we've got the dope,
We've got the mettle, and we
Can engineer Creation at
The good old M. I. T.

3.

At the good old M. I. T.,
At the good old M. I. T.,
You bet your neck the good old Tech
Is good enough for me!
Before I die, I want to try
The steps of Rogers to see,
And watch again how they make good men
At the dear old M. I. T.

IN THE SHADE OF THE OLD APPLE TREE

1.

The oriole with joy was sweetly singing,
The little brook was bab'ling its tune,
The village bells at noon were gaily ringing,
The world seemed brighter than a harvest
moon;
For there within my arms I gently pressed you,
And blushing red, you slowly turned away.
I can't forget the way I once caressed you;
I only pray we'll meet another day.

Chorus

In the shade of the old apple tree,
Where the love in your eyes I could see,
When a voice that I heard, like the song of a bird,
Seemed to whisper sweet music to me;
I could hear the dull buzz of the bee,
In the blossoms as you said to me,
"With a heart that is true, I'll be waiting for you,
In the shade of the old apple tree."

2.

I've really come a long way from the city,
And though my heart is breaking, I'll be
brave,
I've brought this bunch of flow'rs, I think they're
pretty,
To place upon a freshly moulded grave;
If you will show me, father, where she's lying,
Or if it's far, just point it out to me:
Said he, "She told us all when she was dying
To bury her beneath the apple tree."

Chorus

ANNIE LAURIE

1.

Maxwelton's braes are bonnie,
Where early fa's the dew,
And 'twas there that Annie Laurie
Gi'ed me her promise true;
Gi'ed me her promise true,
Which ne'er forgot will be,
And for bonnie Annie Laurie,
I'd lay me down and dee.

2.

Her brow is like the snaw-drift,
Her throat is like the swan,
Her face it is the fairest
That e'er the sun shone on;
That e'er the sun shone on,
And dark blue is her e'e,
And for bonnie Annie Laurie,
I'd lay me down and dee.

ODE TO THE PROFS.

(To the tune of *The Prodigal Son*)

1.

You have heard of Tommy, our papal star, he is,
he is,
Thinks B.U. girls are fine and they are, gee whiz,
gee whiz,
And when he explains a difficult case
His wondering eyes to the ceiling chase
With a heavenly look on his angel face.
Sing Tra la la la la.

2.

There's a man named Charlie, who talks us blue,
he does, he does,
He speaks to the girls as gentlemen too, Buzz,
buzz, buzz, buzz;
With his ponderous words our ears are split,
And whenever he gave us a taste of his wit,
The co-eds die in a laughing fit.
Sing Tra la la la la.

3.

There is Getty we know by his all-wise look, to
wit, to woo,
For his price is high for a low-priced book —
'twon't do, 'twon't do;
He says to his enemies all — 'tain't so,
But times are hard and the sale was slow,
He has to raffle to make it go.
Sing Tra la la la la.

4.

Was there ever a smile on Peabody's face? — not
yet, not yet.
Do you really think it a hopeless case? — you
bet! you bet!
If one should ever appear for awhile,
Then all the fellows would run for a mile
To get one look at the Peabo smile.
Sing Tra la la la la.

5.

It's pretty hard work for us to say, right off, right
off,
A word about Dippy in a roasting way, and scoff,
and scoff;
For you hardly know just what to do
When he fires his conundrums straight at you
About three drinks instead of two.
Sing Tra la la la la.

6.

When Justy comes in we give one glance and sigh,
and sigh,
At the cut and fit of his high-tide pants—they're
shy, they're shy.
He likes to dine on the Musee plan,
With a jolly good crowd where they rush the can.
He did very well for a single man,
Sing Tra la la la la.

7.

There is another old boy, the worst of all—H. T.,
H. T.
He is very polite and he asks you to call, dear
me! dear me!
You fear his looks, you fear his frown;
For you know you're the worst there is in Town;
And your are glad when he is through and has
turned you down.
Sing Tra la la la la.

8.

Then Blacky comes with his smiling look, Oh my!
Oh my!
And asks for "zee pwepwtation" book. Don't
fly—don't fly.
The fellows all treat him squarely enough,
They know it's no use to work a bluff,
For Blacky's made of sterner stuff.
Sing Tra la la la la.

9.

There's another professor, we call "Rambeau"
ce ci, ce ci;
He knows all the tongues that there are to know.
oui oui oui oui
He certainly is a linguistic shark,
But to me his Chrystomatie's all in the dark,
And so he gives me the lowest mark.
Sing Tra la la la la.

10.

A freshman's worse off than a monk in a cage, he
is, he is;
For he is the victim of Linus's rage—Chin fizz,
Chin fizz;
And if he escapes from Linus's sauce,
To free-hand-Charley he needs must pass;
And learn to suggest the "primary mauss."
Sing Tra la la la la.

11.

Professor Sedgwick's a Darwin man, we guess, we
guess;
He talks to the ladies as much as he can; oh yes,
oh yes;
He likes many things, but most of all
He likes to make the earth worm crawl,
And then to stick him in alcohol.
Sing Tra la la la la.

12.

There's a Prof. up in Engineering A — five miles,
five miles;
When he teaches the Sophmores to survey, he
smiles, he smiles;
Prof. Burton's lectures are very clear
And always pleasing for us to hear,
But his one hour problems take a year.
And that's no Tra la la la la.

13.

There's C. Frank Allen with railroad curves, all
well and good;
They shatter the strongest kind of nerves—they
would, they would;
He learned to Cut and Fill they say,
And copied his tables in fine array,
While holding a rod for the Santa Fe.
Sing Tra la la la la.

14.

There's Richards, as good a Professor as walks,
quite true, quite true;
At his lectures we all drop our names in the box;
we do, we do;
Now some, though they love him, still treat him
quite hard
For his lectures they seldom, if ever, regard;
But very politely they send him their card.
Sing Tra la la la la.

15.

There's a gentleman named Professor Lodge, we
 know, we know;
 From his eagle eye it is hard to dodge; it's so,
 it's so;
 When once from the furnace he took a pot
 That rapid professor his care forgot,
 For the tongs he used were fiery hot.
 Sing Blankety-blank, etc., etc.

16.

There's Prof. Hoffman, a giant is he; don't blush,
 don't blush;
 To his lectures about Iron Metallurgie we rush,
 we rush;
 We all pile in through the open door,
 For an hour he talks, but it seems to be more,
 While we sit with our note-books and peacefully
 snore.
 Sing Tra la la la la.

17.

There is Geo. H. Barton a winner is he complete,
 complete;
 He teaches old maids Geology; How sweet! how
 sweet!
 All Saturday 'long with note-books and pens,
 He hustles them over the meadows and fens,
 Like a rooster leading a flock of hens.
 Sing Tra la la la la.

(Tune: *Blest Be the Tie that Binds*)

$xy^2 + 18xy + y(18 + x) + x = 18xy(18 + 18xy^2 + x)$
 (xy square plus 18xy)
 Plus y into 18 plus x
 Plus x equals 18xy into 18
 Plus 18xy square plus x.

Who is that man?
 He's a bold bad man and a desperado;
 He came to town on a wild tornado;
 He rolled around like a gay gazabo
 And every time he took a drink,
 T'was zip who-o-~o-o.

"STUNTS" AT THE BEACH

Graduates, Young and Old, Have Jolly Day.

All of Tech's Classes Take Part in the Fun.

Great Praise for Committee Which Arranged Details of Day at Nantasket.

All-Tech and its sisters and its cousins...

Tech is well served by its committees. All through this great reunion has been a succession of triumphs of management...

Division commanders—T. W. Sprague Sr., S. P. Bremer '83, S. F. Phinney '83, A. E. Bemis '82...

Sail to the Beach. The older classes went down on the steamer Myles Standish...

Gave Maypole Dance. The next class with an elaborate stunt was '82, which did a maypole dance...

Stunts of Younger Classes. The '81 stunt was a ball game, the nine being caricatures of the whole faculty...

Stunts of Younger Classes. The '81 stunt was a ball game, the nine being caricatures of the whole faculty...

Stunts of Younger Classes. The '81 stunt was a ball game, the nine being caricatures of the whole faculty...

HONORED HEAD OF M.I.T.

Alumni Who Were at the Banquet.

Prof Richards There With Six Classmates.

Several Women Among Tech Graduates.

Following is a list of the Tech alumni, by classes, who attended the banquet.

- CLASS OF '88: C. F. Filletown, Eli Forbes, William Jackson, Prof. R. H. Richards...

PRES. R. C. MACLAURIN Of the Massachusetts Institute of Technology.

succeeded with a huge stuffed "big stick" marked "R. C. MacLaurin"...

The class of '81 had a pageant, carrying a lot of signs and stunts...

The next remarkable stunt came from '81, who gave a mirror play called "Education of the Modern Farmer"...

The class of '85 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '87 carried banners claiming "a lot of fake glories for '73. This was understood to be a steal on some of the other classes..."

The class of '88 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '89 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '90 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '91 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '92 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '93 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '94 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '95 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

The class of '96 showed "Revision Upwards" with an elaborate dumb show of the wedding of Harvard and MIT...

TECH ALUMNI MAKE MERRY

Banquet a Grand Climax to Three-Days' Festivities.

Chairman Charles C. Peirce Starts the Enthusiasm.

Cheering and Good Cheer the Rule From the Beginning to the End.

CHAIRMAN CHARLES C. PEIRCE STARTS THE ENTHUSIASM.

All Tech—and that means everybody who has ever attended the institute—of who marred anybody who has ever attended the institute...

The taking of Symphonium hall and the use of a brass band was symbolic of the broad fashion in which the committee has worked. One member explained...

"Symphonium" hall was the only fit place for a concert on the schedule for this night. So we hired the hall and the orchestra and then threw away the orchestra. This is probably the only time in the history of the Boston Symphony orchestra that it has been hired to go away and keep quiet...

Under the pursuit of direction of caterer Joseph J. Sheehan, inside a change almost incredible had been made from the setting of the "Pop" concert last night. The little round tables and the big sloping stage were gone, long banquet boards of white, immaculate in napery, heaped with flowers, studded with candelabra, and bearing little shades with class numerals for the guidance of the alumni...

MacLaurin came over the ocean. MacLaurin, our hope is in these—MacLaurin came over to Boston to talk to our dear M. I. T.

Greenbacks, greenbacks. Loud calls for the author of the lyric being unanswered, a man arose at the table and shouted "Who is that man?" And the chorus of 150 voices answered musically.

Here a ball, bad man and a desperado; He came to town on a wild tandem; He roared around like a gay gambler, And every time he took a drink 'Twas sip, sip, sip, sip!

Right in the middle of the ball sat the "singing bunch"—not the glee club of this year at Tech, for that has disappeared under the stars and stripes. And finally the diners sat down. Mysterious cylindrical bags of canvas were noticed at various points in the hall, and amid a volley of commands to "look pleasant" a flashlight photograph of the great crowd was made, all the canvas bags suddenly puffing out with the blinding light of the flash-bulb.

The plate was rushed out into a dark room, specially constructed for the occasion, and before the diners left the hall they saw that photograph not only as a memento but as a huge magic lantern screen.

One of Tech's more famous alumni is John R. Freeman '72. He was one of the party of six engineers, as was Allen Linzen '88, who investigated conditions...

45 YEARS TEACHER.

Principal Alfred Bunker Celebrates Anniversary.

Teachers Give Him Gold Watch Before He Retires From Life Work.

Alfred Bunker, headmaster of the Quincy grammar school, Tyler at, South End, became connected with that school 45 years ago as submaster, and the anniversary was made a memorable occasion yesterday by the teachers of the Quincy district, who helped him celebrate the event.

Mr. Bunker is one of the masters who will this month give up his life task of teaching because of the age-limit ruling recently put into effect by the board of education.

Evening Edition Globe Extra 5 O'CLOCK

MORE THAN 300 ADDED TO ROLL

Great Gain by Lodges of Machinists.

More Firms of Carpenters Accept the New Scale.

Large Fund is Ready to Finance the Strike.

The joint committee of the Boston lodges of machinists which conducted the organizing mass meeting at Faneuil hall several weeks ago, met last night to compare notes on the number of members which each had received as a result of their efforts.

STRIKE PAY TO CARPENTERS.

With the Acceptance of Terms by Two More Concerns It Leaves About 100 Men Out.

It was pay day yesterday for the carpenters who are on strike or who were on strike for even one day.

Sec. A. M. Watson and Treas. H. M. Taylor of the council and William G. Schardt of Chicago, are chairman of the international executive board, paid off the men.

Last night there were only about 100 men still on the strike roll, and it was announced that the opposition on the part of the few small firms which had been holding out from establishing the new conditions was rapidly disappearing.

OF ADVANTAGE TO FIRMS.

Painters' Union Has a Permanent Office Secretary.

Louis V. H. Peterson, who on April 10 of this year paid his union dues in the painters' union of Denmark, was admitted last night to membership in the Boston painters' union 111 by depositing his foreign union card, and having demonstrated by a practical test that he is a good painter.

Edward A. Fitzgerald, the new permanent office secretary, and several other men at the union's office during the entire day was working very successfully.

GREAT MANY GUESTS Whidden Hospital Guild Host to Visitors.

Big Fair is Planned for Benefit of the Institution.

EVERETT, June 8.—As guests of the Whidden hospital guild about 100 people visited the Whidden memorial hospital yesterday afternoon and enjoyed an afternoon on the lawn after inspecting the hospital. The visitors were largely from Everett. The visitors were also many Chelsea people, as the hospital is situated on Mt. Washington near the city.

Many of those who visited the hospital yesterday had never before had the opportunity to inspect it, and they were greatly pleased with the result of their visit. One thing which was much appreciated was the cleanliness of the laundry and the complete system. This part of the hospital work has been under the charge of Mrs. Cretia Turner, colored, ever since the hospital was started.

Local Labor Notes.
Bunker Killebrew, machinist, which is composed of the sixty yard men, has decided to begin on its summer strike on Monday, June 14th. It will meet only twice a month, on the second and fourth Mondays in Hilberian hall, Charlestown.

The executive board of piano and organ workers' union 19 made plans last night for a conference of the officers of all the locals of the Greater Boston district. Trade reports showed business as booming.

Albert E. Pike was chosen by hotel and restaurant engineers' union 48 as president of the union.

Henry Kingsley of Chicago spoke at last night's session of the union 111 on the new technical publications on printing. He was followed by a plenary on Labor day by all the locals of the eastern Massachusetts district.

Several names were added to the roll of members of the union 111. The names were: George Barry, elected president; King N. Foley, elected secretary; and Michael McNeerney, elected treasurer.

HOW WOULD YOU LIKE IT IF

After you and your caller, Mr. Goodnabor, had spoken as indicated above—

Or thus— Your wife should speak to Mrs. Goodnabor as indicated above—

Or thus—

DIVORCE OBTAINED

BY MRS. GRACE GUGGENHEIM

Mrs. Grace Guggenheim New Ages Annulment.

Asserts Husband Was Misrepresented as Weakest of Family.

DENIAL BY ATTY WERNER.

Declares There Was No Collusion on His Part to Secure Divorce for Mrs. Guggenheim.

NEW YORK, June 9.—Louis Werner, the New York lawyer, named by Ex-Mayor Duane of Chicago in his petition to set aside the divorce granted Grace B. Guggenheim, from William Guggenheim, one of the "smelter kings," as concerned in the alleged conspiracy to obtain the divorce through fraud and collusion, issued a statement today in which he said: "There was no collusion between me and Mr. Guggenheim, or anyone else, to procure a divorce for Mrs. Guggenheim."

A strange feature of the proceeding is that Ex-Mayor Duane, who presented the petition to Judge Honors in the circuit court in Chicago, to have the divorce set aside, was the judge who granted the decree. He was at that time with five adjutants, alleging that the divorce was obtained by fraud.

Mr. Duane declared the decree was fraudulent, as the party was a legal resident of Illinois at the time it was granted, and misrepresentations had been made by Mrs. Guggenheim to the court. The complainant, Louis Werner, who is a resident of New York, is the attorney for Mrs. Guggenheim, and appeared in court with five adjutants, alleging that the divorce was obtained by fraud.

HONOR TEACHER'S MEMORY.

Flag at Quincy City Hall at Half-Staff During Funeral of Miss Emeline A. Newcomb.

QUINCY, June 8.—Tuesday, for the first time in the history of the city, the flag on city hall was at half staff out of respect to a woman. The courtesy was carried out by Mayor Shea's orders in response to Miss Emeline A. Newcomb, for 52 years a teacher in the public schools, whose funeral was held yesterday afternoon.

The funeral services were held at her home, 101 Hancock st., and were very largely attended. The school committee and teachers of the Willard school were present in a body as well as many city officials. Services were conducted by Rev. Elmer Channing Butler, pastor of the First church, assisted by Rev. Charles E. Ames, the assistant pastor of the same church. Mrs. Emma S. Moore sang "Some Sweet Day." "Still, Still with Thee" and "Passing Out of the Shadows." Burial was in Mt. Wollaston cemetery.

WOMAN'S CHARITY CLUB.

Visiting Committee Most Delightfully Entertained at Ocean Spray by Mrs. Josephine S. Smith.

WINTHROP, June 9.—Mrs. Josephine S. Smith entertained the visiting committee of the Woman's charity club at her residence, 15 Mertie av., Ocean spray, yesterday afternoon. Each year this committee holds its last meeting of the season at the home of some one of the members, and by invitation of Mrs. Smith, the members assembled at 1:30 yesterday to transact routine business matters, after which they adjourned to the dining room, where dinner was served. Mrs. Smith, who is president of the club, presided.

The tables were tastefully decorated with blossoms, and beside the plates of each guest were bonbons, cornucopias, and other dainty favors. Acting as servers were Mrs. Frederick Lutze, Miss Amelia Rausch and Miss Lizzie Schicht.

Mr. Think—How's that?
Mr. Fatt—Why, T is the ending of Roosevelt and S is the ending of Fairbanks and it is the ending of Sherman—Judge.

Result to Shops That Agreed to Electrical Workers' Terms.
Boston electrical workers' union 103 will meet tonight for a special meeting. It is expected that today one of the two firms which are still holding out against granting the desired new \$4 a day wage scale will have conceded the conditions.

Some of the other shops which have already agreed are increasing their forces, and the few men still on strike are being rapidly placed at work in them.

MARKET Lower Prices Generally.

Sharp Reaction All Through the List.

Constant Liquidation by the Traders.

North Butte Hurdle on the Local Board.

The stock market was decidedly weak today; there were occasional rallies, but to no purpose, the general tendency of prices was downward, and many stop orders were uncovered on some of the sharp reactions. Southern Pacific was the most conspicuous stock on the list; the reason for the announcement of the terms for retiring Southern Pacific preferred was not altogether satisfactory to the street. The sale of the New York City bonds was disappointing, as bids were fewer than had been expected and the price was low. Tuesday's crop report did not show much improvement in conditions in the middle West. All these influences combined to cause a liquidation on the part of traders, temporarily at least, on the bear side.

North Butte was active and strong as the Boston board that stock went above 67, but reacted in the afternoon. Unanticipated was under pressure most of the time, as it was in New York. Copper Range was strong, but the rest of the mining issues fell June 10, changed. Telephone was strong. The news from the state house that the legislative committee would report a bill embodying practically what the directors of the Electric Light Co. wanted sent that stock up about a point, but the trading in it was purely speculative.

Money and Foreign Exchange. The money market continues quiet and as a shade firmer. Long-term money is about 1/4 percent higher, but other rates are practically the same. The usual table follows:

Western Union Tel. Co. Report. The Western Union Telegraph Company reports for the three months ended March 31 as follows:

Dividends Declared. Chicago & North Western regular semi-annual dividend of 1 1/2 percent payable July 15 to stock of record June 30.

Notice of Redemption. To the Holders of First Mortgage Sinking Fund Gold Coupon Bonds of the British-Canadian Asbestos Company, Limited.

Notice is hereby given that the British-Canadian Asbestos Company, Limited, will on and after the first day of July, 1909, redeem its entire outstanding issue of First Mortgage Twenty-five Year Five Percent Sinking Fund Gold Coupon Bonds by a payment of five per cent, and accrued interest to July 1, 1909, upon presentation and surrender of the said bonds, with all unexpired coupons attached, at the office of the Royal Trust Company, 107 St. James Street, Montreal, or the Bank of Montreal, 31 Pine Street, New York.

cent payable July 2. Books close June 15, reopen July 1. New York & Honduras Rosario Mining Co. 1 percent, payable July 25 to stock of record June 15 to stock of record June 15. (Correction) Boston & Maine RR Co. regular quarterly of 1/2 percent on common stock, payable July 1.

Heard on the Street. Many men prominent in the business and financial world will shortly sail for Europe. They include Eugene N. Pogg, James Phillips Jr., president of the Nevada Consolidated Mining Co. and Wm. S. Thompson. The weekly statement of the bank of Germany showed an increase of \$3,800,000 in the amount of cash on hand. The Boston stock exchange floor commencing at 10 o'clock, and will be fixed by the governing committee at 1 cent a right. The full commission is left to the discretion of the market.

Bond Items. Budget, Merritt & Co. have issued \$1,000,000 Lowell, Mass. 3 1/2 percent street paving and sewer bonds, due in 10 years and mature \$100,000 annually from 1910 to 1919 inclusive. The treasurer of North Andover, Mass., will receive bids until 2 p. m. June 10 for \$25,000 4 percent bonds, due in 10 years, and maturing \$2,000 annually from 1910, and \$100 in 1927.

American Pneumatic Service Co. The directors of the American Pneumatic Service Co. have organized for the ensuing year by the reelection of the following officers: President, Wm. H. Ames, vice president, Oakes Ames, treasurer, Gilmer Clark, secretary and assistant secretary, Wm. H. Ames.

Metal Markets. NEW YORK, June 9.—Little business was transacted on the metal exchange today. The following prices were posted: Copper, 13 1/2; tin, 13 1/2; zinc, 13 1/2; lead, 13 1/2; silver, 13 1/2; gold, 13 1/2.

NEW YORK MARKET. Southern Pacific Sold Firmly. Other Stocks Heavy. NEW YORK, June 9.—The market was active with special features. The market was active with special features.

Chicago Markets. Over-night consideration of yesterday's report by the government on wheat led traders still uncertain how to act. There was a good deal of selling, but the market was not very active.

COMMERCIAL MATTERS. GRAND JURY, June 9.—The grand jury returned a verdict in the case of the Grand and Gunnison rivers. The verdict was that the rivers were not a public nuisance.

NATICK CIRCUS ACCIDENT. Most Seriously Injured So Much Improved as to Be Taken from the Hospital to His Home. Natick, June 9.—The four persons who were thought to be severely injured in the circus accident at Natick, Mass., were today taken from the hospital to their homes.

TROWEL OF SILVER USED. Corner-Street Laid at Concord of New Hampshire Historical Society Building, Gift of Edward Tuck. Concord, N. H., June 9.—The cornerstone of the new building of the New Hampshire historical society, the gift to the society of Edward Tuck of Paris, was laid today with simple ceremonies.

ROMANCE NOW SHATTERED. Daughter of Millionaire Jurist Says Chorus Girls Have Stolen Her Husband's Love. NEW YORK, June 9.—Charging that her love was spurned for that of Broadway chorus girls and unknown women living in tenement hotels, Mrs. Martin H. Gilhooly Lawrence said for absolute divorce against her husband, Frederick Ellis Lawrence, was today begun before Judge Charles C. Smith in the Supreme Court.

MANY AT GARDEN PARTY. Is Held by Women of the Spughton Congregational Church. STOUTINGTON, June 9.—The women of the Congregational church held a garden party in the vestry of the church last evening with a large attendance. The program, which was under the direction of Miss Lilla Layne, was as follows: Dainty play, Mrs. M. B. Barr and Miss Margaret Barr; reading, Miss Louise Easton; musical solo, Miss Hazel Fox; recitation, 'The House of the Rising Sun,' Mrs. M. B. Barr; violin and piano, Miss Gertrude Line and Miss Mary Line; piano solo, Miss Evangeline Meade; vespers led by Miss Lilla Layne.

DEATHS. COLLETT, in Watertown, June 8, William A. Collett, 43, died of heart failure. He was a member of the First Baptist church of Watertown. Burial in Forest Hills cemetery, Watertown, June 10, 10 o'clock a. m.

DEATHS. McGUIRE, in Cambridge, June 8, Annie, beloved daughter of Charles and the late Julia McGUIRE, died of heart failure. She was a member of the First Baptist church of Cambridge. Burial in Forest Hills cemetery, Cambridge, June 10, 10 o'clock a. m.

DEATHS. MOORE, in New Bedford, June 7, Francis W. Moore, 78, died of heart failure. He was a member of the First Baptist church of New Bedford. Burial in Forest Hills cemetery, New Bedford, June 9, 10 o'clock a. m.

DEATHS. McGUIRE, in Cambridge, June 8, Annie, beloved daughter of Charles and the late Julia McGUIRE, died of heart failure. She was a member of the First Baptist church of Cambridge. Burial in Forest Hills cemetery, Cambridge, June 10, 10 o'clock a. m.

HATERS OF KEMP. Danbury Nonunion Shops Fail to Get Hands. Men Keep Up Fight Against Manufacturers' Association. DANBURY, Conn., June 9.—A full chorus of factory whistles summoned their employees to work today in defiance of the Danbury haters of the call was sounded by the 15 factories that have effected a settlement with the unions and by seven that opened yesterday on the open-shop basis. The former employees of the nonunion plants are still out, and it is understood to be the plan of the haters to continue the strike against them as well as the shops in South Norwalk, New York, New Jersey, Pennsylvania and elsewhere that are allied with the national association of hat manufacturers in its opposition to the union.

By the Collapse of a Roof On Which They Were Working. Six of Them Rescued, But All Badly Injured. HALIFAX, N. S., June 9.—Fire broke out in the shipping room of the Nova Scotia furnishing company, Argyle st., at 2 o'clock this afternoon. Lack of water pressure has enabled the fire to gain great headway, and the loss will probably be heavy, though the fire is not likely to spread far. The roof of one of the buildings on which the firemen were working collapsed and 6 to 10 men were buried in the ruins. Firemen Yetman, Heister, Quinn, Quirk, Murphy and O'Byrne were just in time to get into the building, and the firemen were rescued, but all badly injured. Fireman Yvanik is still buried in the ruins.

TO CHOOSE OFFICERS TODAY. N. E. Allied Printing Trade, in Session at Lynn, Also to Decide Next Convention City. LYNN, June 9.—Three hundred delegates, representing the printers unions of New England, attended the 15th annual convention of the New England allied printing trades in this city today. A session was held yesterday, at which much preliminary work was accomplished, including the election of officers and the selection of the next convention city. A banquet was arranged for tonight as the closing entertainment.

MORNING FIRE IN PLYMOUTH. Bittinger building 3rd and 4th streets. Before Flames Were Subdued. Estimated Loss \$2000. PLYMOUTH, June 9.—An alarm from box 4 early this morning aroused the town to a fire in the Bittinger building on Middle and 4th streets in the congested district of the town. It was discovered just before 6 o'clock, when smoke was seen issuing from the windows. A second alarm was rung in and most of the engines and apparatus were sent to the locality. The chemical put a stream on, but the flames had secured a footing in a section of the building, which was badly wet down. The building is of concrete and occupied by the Bittinger Bros publishing company, the Old Colony number and a moving picture theatre. The fire caught in a closet where the printers kept their ink, and the flames overtook the composing room, but the drop door to the pressroom kept the flames from this part of the building. The loss was estimated at \$2,000, covered by insurance.

FLOODS IN COLORADO. Threatening Situation at Grand Junction—Hundreds Working to Save Costly Reclams Dam. GRAND JUNCTION, Colo., June 9.—The situation here is serious. Reports from the head waters of the Grand and Gunnison rivers indicate that the floods are just commencing. After remaining stationary all day yesterday the Gunnison river rose rapidly during the night, further threatening the destruction of the municipal buildings and the city. Hundreds of men are working to save the Grand river levee, which is seriously undermined. The Grand river levee 12 inches yesterday. The Grand river levee is keeping a large force of men on guard protecting the levee from the river. All parts of the western slope report considerable damage from floods.

MEDALS FOR THE WRIGHTS. President Taft Will Present Gifts of the Aero Club to the Famous Brothers Tomorrow. WASHINGTON, June 9.—In the east room of the White House tomorrow President Taft will present gold medals, the gifts of the Aero club of America, to Wilbur and Orville Wright in recognition of their aeronautic achievements and in honor of their daring in the cause of science. A day or two after the giving of the medals the Wrights will take up their abode in the city. Orville Wright and his wife will be in the city for the purpose of the giving of the medals. The Aero club of America is a national organization of aeronauts and aviation enthusiasts.

WILLET. Willet Silver Mines, Ltd., was admitted to the Boston Curb list yesterday, and will be traded in from today in the Curb market. Willet is the best of the Greater Cobalt and Holliston districts in existing yards no argument is necessary. Those who do not should investigate the large commercial returns in the business. Send subscriptions to the FARMERS AND DROVERS' STOCK.

SISTERS WERE BRIDESMAIDS. Miss Briscoe of Brookline Becomes the Bride of Oswald Reid of Chippin, N. B. There was a fashionable gathering in St. Mary's church of the Assumption, Brookline, this morning at the marriage of Miss Edith Briscoe, daughter of Oswald Reid of Chippin, N. B., son of Hon. R. B. Reid, former member of the Canadian parliament. The bride is the daughter of a prominent family of the city, and there is an opportunity for quick and substantial profits, both from advance in the price of the stock and from the dividend. Write or call for a copy.

BOSTON MAN A WITNESS. Dr. Moran Testifies to Dustin Farman Being With Mrs. Gould. NEW YORK, June 9.—Both sides in the case of Mrs. Gould's disappearance were ready for trial in Justice Greenbaum's court today. Dustin Farman, a witness in the case, testified that he had seen Mrs. Gould on the morning of her disappearance. Farman testified that he had seen Mrs. Gould on the morning of her disappearance. Farman testified that he had seen Mrs. Gould on the morning of her disappearance.

MANY AT GARDEN PARTY. Is Held by Women of the Spughton Congregational Church. STOUTINGTON, June 9.—The women of the Congregational church held a garden party in the vestry of the church last evening with a large attendance. DEWEY CALLED A POSER. Arguments in the case were completed when recess was called at 1.

MR. McCLENNEN TAKES AN EXCEPTION. Upon opening his argument, Mr. McClellen asked that the court direct the jury to return answers to the five questions favorable to the defendant.

MR. DEWEY'S MENTAL BALANCE. He asserted that Judge Dewey was standing in corners and doorways when Judge Sherman took his seat in the superior court this morning.

Jurors in Liber Suit Out 35 Minutes. Judge Sherman Didn't Take Case Away, as Requested.

He Submitted Five Questions on Which a Finding of Facts Was Asked of Them.

Every seat was taken and many were standing in corners and doorways when Judge Sherman took his seat in the superior court this morning.

Mr. McClellen stated that in his opinion the case should not go to the jury in conformity with rules previously laid down by the supreme court of the United States.

Mr. Dewey then began his argument. He said in part: "I want to say something first about dollars and cents, so that question can be disposed of now before I forget it."

Mr. Dewey stated that he was not a lawyer, but he was a citizen, and he was entitled to be heard in his own defense.

Mr. Dewey then asked the court to direct the jury to return answers to the five questions favorable to the defendant.

By order of the Chief Marshal

G. L. GILMORE, *Chief of Staff.*

COL. CHARLES HAYDEN, *Chief Marshal.*

GENERAL ORDERS NO. 2

On the Technology Alumni trip to Nantasket, Wednesday, June 9, 1909, Class Marshals will report at once to the Chief Marshal's Headquarters, Saloon, Upper Deck, Aft, on the steamer leaving the dock at Boston. Headquarters on the second steamer will be in charge of the Assistant Chief of Staff.

Marshals will then receive final instructions and badges. Before leaving the boat they will obtain cards with class numerals to be given to all men of their class who will wear one in the front and one in the back of their hats for identification. Marshals should be at the gangway and leave the boat promptly on landing at Nantasket and hasten at once to the beach where one long single line will be formed facing the water.

The class of '68 will have the right of line and form in front of the hotel band stand. Class banners will be placed along the line and mark the location of the right of line of each class. Marshals are requested to rush the formation of their classes as rapidly as possible.

Fours will be counted from the right and four fours shall constitute a company. As soon as the entire line is counted off, every company of sixteen shall right wheel, facing up the beach and halt. As soon as all the companies have wheeled and formation is complete, a bomb will be fired and order for the march given.

The class marshal shall command the first company and for every additional sixteen men of his class he shall appoint a captain.

It shall be the duty of each class marshal to ascertain from the registration bureau the day before how many men of his class are expected to be present and he shall appoint enough captains in advance. If the number of companies in his class falls short, the extra captains shall drop back to the ranks. As in the earlier classes there will probably be less than sixteen men, the senior marshal shall command the first company. The second company will be commanded by the marshal of the class that is nearest to the right of it and so on down the line. The other marshals will then take places in the ranks. So far as possible the marshal and his captains shall instruct the men while on the boat to hasten to the beach and to form as rapidly as possible. Division commanders and staff officers will be on the beach to facilitate the formation. On signal of the starting gun, the march will be taken up in company front to the Atlantic House.

Marshals and captains are requested to see that distances are properly kept and under no circumstances to come to a halt but mark time if necessary. As the ladies and guests are assembled on the hill, it is desirous of making a good appearance and attention to details is requested. On reaching the foot of the hill the procession will break into column of fours and continue its march up and around the Atlantic House and officers are requested to keep all in line to the end. When ranks are broken, each marshal shall see that his class banner is placed next to the piazza in front of the Atlantic House.

In case of rain the parade will of necessity be omitted and marshals will instruct their men to hasten at once to the Atlantic House where ample provision will be made for shelter.

By order of the Chief Marshal

G. L. GILMORE, *Chief of Staff.*

COL. CHARLES HAYDEN, *Chief Marshal.*

A STEIN SONG

1.

Give a rouse, then, in the Maytime,
 For a life that knows no fear !
 Turn night-time into daytime
 With the sunlight of good cheer !
 For it's always fair weather
 When good fellows get together,
 With a stein on the table
 And a good song ringing clear ;
 For it's always fair weather
 When good fellows get together,
 With a stein on the table
 And a good song ringing clear.

2.

Oh, we're all frank and twenty
 When the spring is in the air ;
 And we've faith and hope aplenty,
 And we've life and love to spare ;
 And it's birds of a feather
 When good fellows get together,
 With a stein on the table
 And a heart without a care ;
 And it's birds of a feather
 When good fellows get together,
 With a stein on the table
 And a heart without a care.

TAKE ME BACK TO TECH

(Air: "Solomon Levi")

1.

I wish that I were back again
 At the TECH on Boylston Street,
 Dress'd in my dinky uniform,
 So dapper and so neat.
 I'm crazy after Calculus ;
 I never had enough.
 It was hard to be dragged away so young ;
 'Twas horribly, awfully tough !
 Oh, give me some 'Ology,
 'Ology, tra-la-la-la !
 Any old kind of 'Ology !
 Tra-la-la-la-la-la-la-la-la-la-la.

Refrain

Take me back on a special train to the glorious
 Institute !
 I yearn for the inspiration of a Technological
 Toot !
 I'd shun the physical, quizzical Prof., and chapel,
 and all that ;
 But how I would love again to go On a Scientific
 Bat !

2.

Oh, back to the days that were free from care,
 In the 'Ology, Varsity shop,
 With nothing to do but to analyze air
 In an anemometrical top ;
 Or the differentiation
 Of the trigonometrical pow'rs
 Of the constant pi that made me sigh
 In those happy days of ours.
 'Rah for TECHNOLOGY !
 'Ology, 'Ology, oh !
 Glorious old TECHNOLOGY !
 'Ology, 'Ology, 'Ology, 'Ology.

Refrain

DEAR OLD M. I. T.

1.

The sun with glowing crimson
 Has ting'd the sky's dull gray ;
 The glory of the sunset
 Uplifts our flag to-day ;
 While here beneath our colors,
 With hearts that never yield,
 Our boys are fighting onward,
 Fighting onward 'cross the field.

Chorus

Fight on boys, we are cheering for you,
 For we want you to win to-day ;
 Do your best, we are all behind you,
 And you're wearing the Red and Gray.
 Though the odds may be great against you,
 Full of sturdy courage be ;
 And we'll raise a song of vict'ry
 For dear old M. I. T.

2.

On the days that are before us
 We will gather as of yore,
 And raise in swelling chorus
 The grand old cheer once more ;
 And, when the battle's over,
 Then at the close of day
 Once again we'll raise our colors.
 Vict'ry crowns the Red and Gray !

Chorus

RETROSPECTION

(Air: "Auld Lang Syne")

1.

O TECH, as I look back to thee,
 My eyes are filled with tears ;
 I'll ne'er forget the place in which
 I spent such (happy)
 (wretched) years.

And as I look upon my life, (With fortune at my beck,
 (Which is a total wreck,)
 I (bless with all my heart and soul the day)
 (wish that I'd been sent to jail before) I entered TECH.

2.

The things I studied while at TECH,
 (How useful they have been !)
 (Such useless, foolish truck !)
 I've used this knowledge (many times)
 (just two times)
 (My way in life to win)
 (And each time I got stuck.)
 And as I look, etc.

5 **ALMA MATER, 'TIS TO THEE**

(Tune "Maryland")

1.

O Alma Mater, 'tis to thee
We raise our song of glory;
The fame of old TECHNOLOGY
We'll tell in song and story.
So sound her fame the world along,
And raise on high her triumph song;
For every heart beats true and strong
For TECH, our Alma Mater.

2.

Tho' oft our life may seem a grind,
We'll praise our Alma Mater;
For man must work reward to find;
So praise our Alma Mater.
We do not delve in musty lore
By sages writ in days of yore;
We seek fresh truth from God's great store,
And praise our Alma Mater.

7 **MY OLD KENTUCKY HOME**

1.

The sun shines bright in my old Kentucky home,
'Tis summer, the darkies are gay,
The corn'top's ripe and the meadow's in the bloom,
While the birds make music all the day;
The young folks roll on the little cabin floor,
All merry, all happy and bright,
By'n by Hard Times comes a-knocking at the door
Then my old Kentucky Home, Good night!

Refrain

Weep no more, my lady,
Oh! weep no more today.
We will sing one song for my old Kentucky home,
For the old Kentucky home, far away.

2.

They hunt no more for the possum and the coon,
On the meadow, the hill and the shore,
They sing no more by the glimmer of the moon,
On the bench by the old cabin door;
The day goes by like a shadow o'er the heart,
With sorrow where all was delight;
The time has come when the darkies have to part,
Then my old Kentucky home, Good night.

Refrain

6 **JINGLE BELLS**

1.

Dashing thro' the snow,
In a one horse open sleigh;
O'er the fields we go,
Laughing all the way;
With bells on bobtail nag,
Making spirits bright;
What fun it is to ride and sing
A sleighing song tonight.

Chorus

Jingle bells! jingle bells! jingle all the way!
Oh, what fun it is to ride in a one-horse open sleigh!
Jingle bells! jingle bells! jingle all the way!
Oh, what fun it is to ride in a one-horse open sleigh!

2.

A day or two ago
I thought I'd take a ride,
And soon Miss Fannie Bright
Was seated by my side.
The horse was lean and lank;
Misfortune seem'd his lot;
He got into a drifted bank,
And we — we got upstot.

Chorus

8

BRING BACK MY BONNIE TO ME

1.

My Bonnie lies over the ocean,
My Bonnie lies over the sea;
My Bonnie lies over the ocean,
Oh, bring back my Bonnie to me.

Refrain

Bring back, bring back, bring back my Bonnie
to me, to me;
Bring back, bring back, Oh, bring back my Bonnie
to me!

2.

Last night as I lay on my pillow,
Last night as I lay on my bed,
Last night as I lay on my pillow,
I dreamt that my Bonnie was dead.

Refrain

OLD FOLKS AT HOME

1.

Way down upon the Swannee ribber,
Far, far away,
Dere's where my heart is turning ebber,
Dere's where the old folks stay.
All up and down de whole creation,
Sadly I roam,
Still longing for de old plantation,
And for de old folks at home.

Refrain

All de world am sad and dreary
Eb'ry whar I roam.
Oh! darkies how my heart grows weary,
Far from de old folks at home.

2.

All 'round de little farm I wander'd,
When I was young,
Den many happy days I squandered,
Many de songs I sung.
When I was playing wid my brudder,
Happy was I;
Oh! take me to my kind old mudder,
Dere let me live and die.

Refrain

11 IN THE SHADE OF THE OLD APPLE TREE

1.

The oriole with joy was sweetly singing,
The little brook was bab'ling its tune,
The village bells at noon were gaily ringing,
The world seemed brighter than a harvest
moon;
For there within my arms I gently pressed you,
And blushing red, you slowly turned away.
I can't forget the way I once caressed you;
I only pray we'll meet another day.

Chorus

In the shade of the old apple tree,
Where the love in your eyes I could see,
When a voice that I heard, like the song of a bird,
Seemed to whisper sweet music to me;
I could hear the dull buzz of the bee,
In the blossoms as you said to me,
"With a heart that is true, I'll be waiting for you,
In the shade of the old apple tree."

2.

I've really come a long way from the city,
And though my heart is breaking, I'll be
brave,
I've brought this bunch of flow'rs, I think they're
pretty,
To place upon a freshly moulded grave;
If you will show me, father, where she's lying,
Or if it's far, just point it out to me:
Said he, "She told us all when she was dying
To bury her beneath the apple tree."

Chorus

10 IN THE GOOD OLD SUMMER TIME

1.

There's a time in each year that we always hold
dear,
Good old summer time;
With the birds and the trees-es and sweet scented
breezes,
Good old summer time;
When your day's work is over, then you are in
clover
And life is one beautiful rhyme;
No trouble annoying, each one is enjoying
The good old summer time.

Chorus

In the good old summer time,
In the good old summer time,
Strolling thro' the shady lanes,
With your baby mine;
You hold her hand and she holds yours,
And that's a very good sign
That she's your tootsey wootsey
In the good old summer time.

2.

To swim in the pool, you'd play "hooky" from
school,
Good old summer time;
You'd play "ring-a-rosie" with Jim, Kate and
Josie,
Good old summer time;
Those days full of pleasure we now fondly
treasure,
When we never thought it a crime
To go stealing cherries, with face brown as
berries,
Good old summer time.

Chorus

12

ANNIE LAURIE

1.

Maxwelton's braes are bonnie,
Where early fa's the dew,
And 'twas there that Annie Laurie
Gi'ed me her promise true;
Gi'ed me her promise true,
Which ne'er forgot will be,
And for bonnie Annie Laurie,
I'd lay me down and dee.

2.

Her brow is like the snaw-drift,
Her throat is like the swan,
Her face it is the fairest
That e'er the sun shone on;
That e'er the sun shone on,
And dark blue is her e'e,
And for bonnie Annie Laurie,
I'd lay me down and dee.

AT THE GOOD OLD M. I. T.

(Air: "In the Good Old Summer Time.")

1.

At the good old M. I. T.,
 At the good old M. I. T.,
 You have to work like a sun-of-a-gun
 To capture your degree;
 You dig and delve from 9 till 5,
 Then home and study till three.
 Your brains are strong, or you don't stay long
 At the good old M. I. T.

2.

At the good old M. I. T.,
 At the good old M. I. T.,
 We set the pace that wins the race
 Of M. E. R. I. T.
 We've got the men, we've got the dope,
 We've got the mettle, and we
 Can engineer Creation at
 The good old M. I. T.

3.

At the good old M. I. T.,
 At the good old M. I. T.,
 You bet your neck the good old Tech
 Is good enough for me!
 Before I die, I want to try
 The steps of Rogers to see,
 And watch again how they make good men
 At the dear old M. I. T.

G.B. '87.

THE FRIENDLY ROPE

'68 to '09

1.

We, the brothers of Memory,
 To you, the brothers of Hope,
 With friendship flowing,
 With goodwill glowing,
 Present this hempen rope.
 Now gird yourselves with it, every man,
 And wear it wherever you go;
 A friend in need
 And a friend indeed
 'Twill prove to you all, I trow.

Chorus

For it isn't a rope for to hang yourself,
 And it isn't a scourge for to bang yourself,
 But it's just the thing for a boy, you know,
 To hop and to skip with, thus and so!

2.

You've been sitting long at your desk, we'll
 say,
 Till elbows and knees are cramped;
 Your head is fuzzy,
 Your brain is buzzy,
 Your pen to your hand is clamped.
 Get up and give a good long stretch.
 Then yawn (a healthful thing)!
 Now take your rope,
 Give ample scope,
 And skip like anything!

Chorus

5.

Thus we, the brothers of memory,
 And you, the brothers of hope,
 Are bound together.
 Come wind, come weather.
 And all by the kindly rope.
 If you are in trouble just give it a twitch,
 And we'll be there like a shot.
 With friendship flowing,
 With goodwill glowing,
 All brothers upon the spot!

Chorus

3.

You've lectured the morning through, we'll
 say,
 To classes that fell asleep;
 You think student-kind
 A thing without mind;
 Your wrath and disgust are deep,
 Look back! look back, and see yourself
 A drowsy, listening boy!
 Then take your rope,
 And I should hope
 You'd skip with youthful joy.

Chorus

4.

You're building a bridge or digging a mine,
 Or boring a mountain through,
 Whatever you're doing,
 You'll sometimes be ruing
 The state it has brought you to.
 Get up and turn your back on it.
 Five minutes with the rope,
 And dull despair
 And carking care
 Will turn to joy and hope.

Chorus

EVERYBODY
will please read the following
ANNOUNCEMENTS

On the Boat:

Identification Badge *must* be worn prominently at all times as it will be the only means of securing admission to boat, grounds, luncheon and return boat.

Congregational singing. Numbers will be announced.

On Landing at Nantasket:

Guests will please go directly to Atlantic House from the boat landing, by the road. There will be public carriages at the pier. Fare, 10 cents. Also street cars.

The second floor of Atlantic House is reserved exclusively for ladies.

Luncheon will be served in three dining-rooms, each designated by a certain color. Badges of corresponding color will admit to that dining-room only.

Luncheon will be ready on conclusion of parade. Please "go to it" promptly.

Stunts:

One gun will be preparatory signal for stunts. At this signal the first ten classes ('68 to '78) will repair to the dressing rooms. These are located in the annex, east end of hotel, under the bridge. Class numerals will be found on doors of dressing rooms.

Starting signal, three guns.

It is very necessary that classes appear promptly when called out for stunts. If there is any preparation to be made, leave the arena early enough to be ready when class is called. If class has no stunt prepared it will be expected to march around inside the circle and give class cheer.

Signal for conclusion of stunts will be one gun.

At this signal everybody will "Beat it for the Boat."

Boat leaves promptly at 4.30.

July 7th 1909

In response to an invitation from Mr. & Mrs. H.P. Spaulding to visit them at their bungalow "The Warbeek" at C. Yonkers the following members of the Class Ninety with ladies met at the Boston Yacht Club, Fleet Wednesday afternoon July 7th.

Mr. & Mrs. E. P. Bragg, Mr. & Mrs. J. O. De Wolf
" + " G. L. Gurnee, " + " B. G. Souferl
" + " G. G. Packard, " + " T. N. Trapp
H. B. Burley, W. Mossman, L. C. Wason &
Col. Charles Hayden.

Col. Hayden's tender was waiting & soon the entire party was in his steam yacht "Wabunclah".

A most delightful trip was enjoyed along the shore, the water being calm and mirror, & after a short two hours the party landed at Gloucester & were met by Mr. & Mrs. Spaulding & Miss Peggy.

A delightful afternoon was spent by their party & grounds overlooking the sea with a Ninety Banner waving in the breeze.

[Faint handwritten notes on the right edge of the page]

July 7th 1909

Mrs. L. C. Wason joined the party here coming by auto. & it was the unanimous opinion of all that in future the ladies should be present at all gatherings of the class of Ninety.

After a prayer & supper the party returned on the yacht by twilight & voted the afternoon a grand success, thanks to our host & hostess & Col. Hayden, the only regret being that more of the class were not present.

My father in 1899 J. K. N.

Binghamton's First Horseless Carriage

Years ago when automobiles were known as horseless carriages, the late Joseph P. Noyes bought the first of these "contraptions" ever seen on the streets of Binghamton. The picture above, taken in 1899, shows Mr. Noyes at the wheel, and his son, Joseph K. Noyes. The car was an Oakman horseless carriage, 2-cylinder gasoline engine, built in Greenfield, Mass., in 1898.

The machine was driven by a 2-cylinder gasoline motor, but, unlike the later 2-cylinder engines, both the cylinders of this one were on the same side, and, instead of working like those in the "opposed types," both cylinders worked simultaneously on the explosion stroke.

The result was a jerk motion and a variety of trouble. To add to the complications, the carburetion was uncertain, so that the motor frequently "died" for the lack of gas. There were no gears; the drive was of primitive friction type, and the only way to get up a hill without stalling the motor was to slip the clutch. The result was that the machine was often unable to surmount the slightest grade, and there was a strong chance he might go the other way.

The photograph has been in the possession of Mrs. H. E. Webster of Rochester for twenty years, and was only recently sent to J. K. Noyes, who treasures it deeply. The car itself passed into the keeping of Harry F. Kent of Binghamton, and has since been junked.
