Unidentified manuscript Re: Women's Educational Association

Ass 5-

The committee from the ~~two bodies~~ ^{Ass} met at the ~~Ass~~ - the Inst-Comm at the Technology building.

The conference was a very pleasant one especially to the Ass-Comm - for they found that so far as the gentlemen of the Comm were concerned they not only

appreciated the need of such opportunities as much as the members of the Ass - but even went beyond them in their hopes of what might be accomplished

they gave it - as their personal conviction that space was the only objection and space meant money. No plan had been proposed which would cost less

than 25,000 - and they did not know where to obtain

The Government received the communication kindly and appointed a Committee to confer with the Assoc. and learn definitely their wishes. The fact that the three men chosen are well known to be ~~personally~~ in favor of woman's education is a guarantee of the willingness of that body to meet ~~the~~ ^{the} Assoc. on any tenable ground.

~~This Assoc. puts the matter into the hands of the Intellectual Comm. and the two Comms. meet at the Inst.~~

~~I think at the end of that conference the Intellectual Comm. felt that not only were their proposals well received but that the Inst. Comm. went far ahead~~
