

B. K. Jan 20

1 City Hall → to Tremont, du not quite to Scollay, get to Hanover, cut over & go up Salem after construction. If in hurry, cutting thru Faneuil Hall makts, but wld keep out of traff. if poss. Quite famil. all way. Mostly by plan sense, but goes by bldg. landmks, espec. in open. Recognizes Hanover by look.

2. Cust Hse Tower → (“can’t do it”) Up State St. to old State Hse, (not care) then diag across & dn blk or so & came up in front City Hall, & then angle up School & Beanfield. Whether up over Beacon Hill or to Park St & then common. Prob. the latter, taking long diag to Char & Beacon, & in sidewalk on Beacon to new intersection to new overpass, & there it is.

3. Char R Dam O → Lots of ways. Along Embankment Rd. if gd day, all along Riv to Shell, otherwise wld go to Char, & cut across edge of Common to Boylston & Trem, dn Boylston to Wash, & jog over slightly to L to next st., & dn this to So Sta block, & then wld be close. Keep out of crowds on Summer. This ptly chosen also bec. is onto route. Mentions feel of areas all the

way along, tho maybe wld not look at it, except for beginning. Mentions look of diag. thru park

4. Park Sq → not sure wh. it is - if in front of Statler. Is Haymkt the rotary on way to N Sta? Go up to Publ Gard, then around lagoon on Bost side, come out ornamental gate to Common, then long drag by Frog Pond then to orn. gate to State Hse on Beacon to Sommerset, then by one angling bd Court Hse, then dn Scollay Sq to the one beyond Hanover (ad sign beer co) - this cuts toward Haymkt. Or might go in Ct Hse on low side, & take elevator

5. Does not know Dover St. Confused out there. Prob. wld take Wash. in, & wld angle in genl. direction Hotel Statler & Motor mart, fm there, depending on where come out prob. on Common, & thence easy.

In genl, likes to find shortcut diag. for speed, or to choose route for pleasure, & tends to avoid crowds.
