Cat Hoe Tower → downhill to river, bear left along river to hall.

Pk Sq → take st. right by Staller, bear left to Car St. (Wing. by right, Tom Garden). Take path up to Pk St. Ch., path closes that goes by old cemetery. Continue in Tremont past Bear Hill Tr. to "the" sq. bear left for 2 blks & turn rt. past the Old Taverns Bar, going down hill. @ bottom of hill are @ Haymarket Sq. (Feels fairly confident, esp. not sure what is Haymarket, since relatively big open space. Not that by Faneuil. Not not Haymarket since not a "sq.").

Car R → to avoid getting lost, wld take Ath Ave but feels this the long way. Follow Nashua to Ath Ave (ie under ch) & past entrance to bridge, & then on Ath Ave w/ watches on L & R.

Daddy & Jacks → Mend Hanover: up hill to Tremont, in Tremont to Sallow past Bear Hill Tr. Take L 2 or 3 blks toward River, & take R to both hill (Faneuil). Take L there & go for Summer & new const. Just to L is European Rest. Go down this st & @ end is

Did not know Dover St area @ all.  
Cater discussed his diff. in getting about  
Boston, compared to NYC (he had trouble  
w/ some parts of Brooklyn). In Bost. has  
some partial frameworks (espe. that of  
Boston Bay - River & Common also Seaday).  
but these do not join up. All "journeys"  
made w/ gt. but also in Seaday the area  
features well known. More habituated to  
moving by car.
