SUBJECT: DIVISION 6 MOVE TO LEXINGTON

To: All Staff

From: Hugh Wainwright

Date: May 26, 1953

To reflect the views of all concerned with the move from the Whittemore Building to Lexington, the following have agreed to serve on a committee:

H. Wainwright - Chairman  
F. Manning - Exec. Sec. and Rep. Group 60  
R. J. Horn - Group 61  
H. K. Smead - Group 62  
J. H. McCusker )  
F. E. Vinal ) - Group 63  
H. F. Mercer  
J. J. Gano

It will be the function of the committee as a whole to see that the interests of the division are well presented and, at the same time, it will be the function of those individual members who represent groups within the lab to see that all information regarding their particular groups is presented to the committee.

Moving, in the industrial sense, is vastly different than moving home style, which as many of you know, can be quite confusing. An industrial move requires a great amount of planning. It is our hope that the committee will be able to do the maximum amount of planning, thus keeping the confusion to a very low level.

It probably will be necessary for those committee members representing lab groups, in turn, to appoint sub-committees who will provide information to the committee member.

Signed   
Hugh Wainwright
