1. McGuire On-Site Committee Meeting

A meeting was held of the On-Site Committee last Thursday. During the course of the meeting, it was brought out that due to the slippage of the building completion date from 1 May 1956 to 25 May, IBM is considering a slippage in the date on which the computer can accept data from November 15 to December 7. This slippage is not official at present and will probably be vigorously contested.

2. Spare Compressor for AFCRC Power Plant

Due to various delays encountered in coordination among all interested agencies, no spare compressor will be available in the AFCRC power plant this summer. It is expected however, that this spare will be available by the summer of 1957.

3. Meetings Scheduled This Week

Date: 12 April 1956
Place: Poughkeepsie
Purpose: IBM-Lincoln Concurrence Meeting
