ACTION

1. ADSMO

ADSMO - the Air Defense System Management Office - is being implemented by the Air Force. A "third contractor" to support this effort is still being sought. M.I.T. has granted permission for Lincoln to discuss this with the Air Force. No developments as yet.

2. Redeployment Meeting

The redeployment meeting has started today as planned in the RAND Building.

3. ESS Test

Last Friday saw the most successful test to date. Out of eleven live interceptions, nine came off perfectly. The tenth was successful but there were some peculiar headings in the middle of the run.
