R. S. Fallows, C. W. Farr, D. R. Israel, K. E. McVicar,
J. A. O'Brien, W. N. Papian, and C. A. Zraket.

Agenda: 1. ADC Meeting
2. SDC Trip
3. SUBIC
4. Account Numbers
5. Staff Recruiting
6. BOMARC et al

1. This document has been prepared for internal use only. It has not been reviewed by Office of Security Review, Department of Defense, and therefore, is not intended for public release. Further dissemination or reproduction in whole or in part of the material within this document shall not be made without the express written approval of Lincoln Laboratory (Publications Office).

2. The research reported in this document was supported jointly by the Department of the Army, the Department of the Navy, and the Department of the Air Force under Air Force Contract No. AF 19 (122)-458.

ACTION

1. ADC Meeting

Fallows reported on meeting last week at the ADES Project Office to collect information and organize a presentation to be made this week to Headquarters USAF relating to transistorized FSQ-7 and FSQ-8 computers -- two prototypes are proposed, one for ESS systems tests and one for SDC program checkout -- the SDC prototype would need to be sufficiently complete to perform functions equivalent to the Santa Monica FSQ-7 and the Grandview DC.

Fallows reported that the ADESPO report will be forthcoming -- the Lincoln copy will be addressed to Everett and should be routed to Fallows and Brown.

2. SDC Trip

Brown reported on his trip with Ogden and Parkins to SDC to arrange working procedures and to establish Parkins as Lincoln liaison representative resident at Santa Monica. Parkins is Lincoln representative on the Disposition Committee which will determine priority of changes and will operate from Santa Monica.

3. SUBIC

Farr read a inquiry from Richmond to Everett requesting comments on a SUBIC communication. Israel requested the communication sent to him.

4. Account Numbers

Farr distributed a memorandum assigning additional account numbers to Division 6 for Cape Cod equipment and SABRE, and to other Divisions for other items.

ACTION

5. Staff Recruiting

Farr summarized discussions during the week with the Group Leaders and with the Personnel Office. Discussion with Group 63, 64, and 67 concurred with Personnel Office opinion that there is no current lowering of clip level. A seasonal analysis of Division 6 offers shows '58 considerably better than '56 or '57 at this time of year. Offer acceptance ratio is good. Sixteen acceptances have been received against the ADSID Reserve. The Personnel Office and Division 6 have agreed on WESCON recruiting activity without advertising and by technical representatives only.

6. BOMARC et al

McVicar reported attending a meeting to review a working paper relating to BOMARC and NIKE -- he felt Lincoln should participate in the report in preparation.

McVicar will confer with Brown concerning Lincoln participation.
