February 8th wrote that they were going away for two months.
Second payment may be obtained from Albert D. Farwell, 102 S. Market St.
Linden Company (March 11) Sent three patterns for the window. Drawings
all represent daylight as well as the measurements of the height from
the spring of the arch to the bottom of the sash.
Rebates are all 3/8 of an inch, excepting at the bottom where the inside
5/8 of an inch, and the outside a little more, with an arrangement of holes
for draining. Take note especially that the measurements of height are
taken on the inside, as you will notice by the arrow on the section.
