General Information Suggestion: "Rather heavily painted and richly colored  
grisaille, with a figure of St. John the Baptist in an arrangement  
something like the window in Springfield, Ill. . . . I am afraid we  
could hardly include medallions for the specified amount, although they  
could be used nicely in combination with the grisaille. If this were  
done it would increase the price to at least \$3400.00.
