General Information Mr. Maginnis said that at the Board of Directors Meeting at Detroit (Of the A.I.A.) they accepted with pleasure the proposed Gift.

It should be a rather small medallion to hang in the window at the Octagon House in Washington, - the type of Architecture should be kept in mind. [Sort of Colonial, we think].

It would be well to see the place. Get the size of available windows and study the light. No hurry about this.

No subject-matter mentioned, but Mr. Maginnis felt that it should, of course, represent the height of Mr. Connick's Craftsmanship.
