General Information East Window to be rich in color, something like Gary  
window. Mr. Scofield leaves everything to us - Design when we can, -  
window when we can make it.

Dark will be advisable as the Church is unusually bright.

This window could be rich and dark with brilliant spots of red.

Side windows #1228.

Note: West window has 3 vents. Lower half influenced by brown tan building  
40 or 60 feet away.

For addresses of those to be notified as window progresses, see other side.
