General Information Two side windows. Grisaille deep color, with symbols  
or small figures. Rev. Mr. Scofield leaves everything to us - Design  
when we can - windows when we can make them.

Chancel Group favor medallions #1227. ....

Dark glass will be advisable as the Church is unusually bright. ....

Subjects: The portrayal of the Nativity, and the other, The Crucifixion.

Right lancet free. Left shaded by gray building, but this, being south  
exposure is not so important as would be otherwise. No surface light.  
Interior is light - suggested stippling of other windows.

For addresses of those to be notified as window progresses, see other side.
