Bill to Templets

Photos of Cartoons Mailed

General Information Mr. Blanford phoned. Mullaney to go there August 15,
to look over window openings.

Go to Rowes Wharf, take ferry. Take Winthrop train, not Lynn train.
Goes to Winthrop Centre. (Think this train goes at five and thirty-five
past the hour.)

They have two windows that are warped that need attention and need new
frames.

For addresses of those to be notified as window progresses, see other side.
