General Information They have \$500 from a fund for this window.

Medallions of Saint George and Saint Francis. You will probably notice first the little figure of Princess Una saved from the Dragon, according to Spenser; Sister Clare, the lily, the rose, the trumpeting boy and the singing girl, the two fragments of rainbows suggesting the beauty of great lives, Sister Moon for romance, and Brother Sun for the levelness of the workaday world. These small windows will have the most exquisite glass, both in color and texture.

For addresses of those to be notified as window progresses, see other side.
