Not to do this. Some other arrangement to be made about stone work to be made.

General Information This opening was designed to take our present "Madonna of the Chair" window, with the addition of an 8-inch border to make up the difference in diameter. The exposure is east, and the "Madonna" window is very dark in value. We would like to have any suggestions you might make as to the treatment of this border."

For addresses of those to be notified as window progresses, see other side.
