General Information Glass to match present Cathedral glass.  
These are sort of temporary windows to be used in the extension of the nave.  
We are not to install the sash in the church.  
Hellier  
Mr. Hendrie of Owen's office called. They are sending 8 sash from the mill. Use seven and keep other for future use. He will also send in some old glass there at the church that we may be able to cut down for the new windows.  
Three of these are for the new permanent windows. #2832

For addresses of those to be notified as window progresses, see other side.
