General Information *The ventilators in the building were furnished by the Inter-
national Casement Co., Jamestown, N.Y. These vents must be a pivot hinge affair
with a catch that can be operated by a window pole from the floor (Letter from
Mr. Eberhard 3/14/46). These have been ordered from Hope's Windows; also one for
the window recently installed. Have this replace the Lindemann window now there.

Window #203, east side of nave, to have medallions with three parables: The Sower
and the Seed, The Good Samaritan, The Ten Virgins.

The other window, on the west side of nave (opposite #204 on the drawing - is a
memorial to the young men and women of church who served during the war. On
this side of the nave the general plan calls for 3 windows with the Miracles
of Our Lord. This particular window is to represent His power over death with
the three miracles: The Raising of the Widow's Son, The Raising of Jairus'

For addresses of those to be notified as window progresses, see other side.

Daughter, The Raising of Lazarus.

If either window is made first, the Parable window (203) is desired first.

(Send contracts with designs).

(See design already made for window #204)
