 General Information To be "A" type of glass. Princeton ~~XXXXXXXX~~ nar-
 thex.
 (Small single figure, or possibly medallion - 3/29/45)... To be given by a
 splendid lady in the church, a school teacher of Passaic for 30 years. She
 retired in Fall of 1945, and she wants to leave a memorial in the Church for
 what the church has meant to her while she lived in Passaic. She says that
 over the years, this Church has been a haven of rest and friendship and
 worship. (C.J.C. says he suggested Uriel to Dr. Talbott).

 (wd #112 will have some type of treatment - in
 spirit, but not)

For addresses of those to be notified as window progresses, see other side.

"Eunice holds the open book and before her stands her son Timothy. In the tracery are five-pointed stars of the New Testament."
