General Information

This is the left-hand panel of the fourth pair of windows from the chancel - devoted to the Blessed Pure in Heart, personified by the Virgin Mary. The related medallion below the Blessed Virgin symbolizes the Nativity, with Mary the Mother, and Joseph bearing his traditional flowering staff, with the Christ Child in the manger between them, and the star of Bethlehem shining down upon them.

See photographs and color plates of other windows in place.

We should be sure to leave plenty of room at the bottom - raise the bottom just a bit, so that they can get a clear view of the inscription - especially in the two-line inscriptions and border. A heavy lead there will do it.
