See letter of 2/6/56 and 3/14/56

Design wanted soon.

Staging

Templates by LaRoche.

Blueprints

General Information The Baptism of Christ by Saint John the Baptist. (This window will ultimately be one of a series of windows similarly placed around the nave. The Committee especially likes the South chancel window in Northminster, Evanston.

We have made suggestions for the windows in our letter of September 20, 1955.

*Mr. LaRoche says there is wire screening on the outside, nailed to the frame. The window will have to be set from the outside, and he thinks the screening will all come apart in the process of removing.
