General Information...Jeremiah has the symbolic chains of bondage, with the text, "I am with thee to deliver thee, saith the Lord". Below is his symbol, the Wand.....

We have followed the general plan of the Abraham and Isaac window, with the grapevine enriching the colorful border.....

(See photograph of the companion panel devoted to Isaiah - in place.).....

See photographs of windows in place. Be sure to keep figures in same scale as earlier ones.).....

Note: We are to design and make the Jeremiah, as in the design, but as the Isaiah panel was placed in the left opening, this will go in the right - we said"....Isaiah is looking toward the chancel in hopeful anticipation of the coming of Christ, while Jeremiah turns away in the sorrow of bondage...."
