General Information To be in memory of a former pastor and his wife. He was
an astronomer and specialized in sun spots; and the wife was an
entomologist, so if we could get any implications of those two subjects
in the window they would like it;.

Revelations 1:20 -
Hand of God from the Clouds, surrounded by Cruciform halo - and seven
stars (for the seven Churches). In lower left corner, a planet -
Saturn, and and in the lower right corner, a bug, and microscope.
telescope

See photographs of window in place, and sketch for window being made.

** executor of Mrs. William Kearon's estate.

Window in memory of your former pastor and his wife...
To symbolize Astronomy and the heavenly reaches, we have taken as our
text the latter part of the first Chapter of Saint John's Revelation,
the hand of God from the clouds surrounded by the cruciform halo, and
seven stars (for the Seven Churches).

Further emphasizing this idea, we have placed the ~~planet Saturn~~ radiant sun
in the lower part of the window with a microscope to suggest the
entomologist. ~~I think we can also include one or two small insects in~~
~~a decorative manner . . . flowers with religious significance in the panels where~~
~~flowers are indicated (Lily and rose.) (Lily of purity and~~
(Important) - we are to change the planet Saturn to a
symbolic radiant sun.

(The woman studied sun spots).
