2 circles: 1 foot each.

Exposure Panels: North ?

Footage 2 panels: 2 feet each.

Inscription None.

Design wanted soon.

Staging

Templates Yes, Use those of previous windows.

Blueprints

General Information They are enlarging the chapel by 20 feet, which will make it necessary to put two more windows in. Two of them will be the small round windows and two will be the small oblong windows on the opposite Side. The size will be exactly the same as we made originally/

To continue the circles, we suggest the Lamp or Candle of Christian Knowledge and enlightenment, "The Light of the World"; the Crown of Christ's kingship and our heavenly reward. (Circles same size as those in place with Globe surmounted by the the Cross, etc; and panels same as those with the Phoenix, fish, etc.)

For the lancets, we suggest the Hand of God from the clouds, the Lily for the Resurrection.

There is the Light of Christian Knowledge
and Enlightenment, - "The Light of the World",
and the open book of the Word of God in the
circles; and in the small panels, the Ship of
the Church with the sail inscribed with the
Cross for the New Testament, and Noah's Ark for
the Old Testament.
