General Information..... Architect to see glass for ok. Contractor provides staging.

Contract reads: Furnish and install glass in rear window of nave and in three (3) windows in north wall of nave, and leaded glass in twenty (20) chancel openings. Scaffolding for your work will be provided by us.....

Cameron, Fay & Co., Inc.,  
Paul W. Cameron, Pres. and Treas.

Architect writes: "20 chancel windows are to be leaded glass using French and German antiques in the character of our drawing - \$300.....

3 nave windows of five units each in the character of your drawing, \$365.....

1 large east nave window in the character of your drawing with the large pieces of glass divided by lead. \$775.....

The above prices include all glass, cutting, assembling, installation, and glazing compound. Scaffolding will be provided by General Contractors.

The prices used are the highest range quoted in your letter dated January 17, 1962, so it is assumed that the best selection of glass will be used. A sum of \$50 is authorized for design, as outlined in

your letter.

The total amount of all items above is \$1490. "
